How to swap my old GHD to new click here https://v2.giftedhands.io / Enter amount of ghd that you want to swap & contact your wallet.

Giftedhands Competency

We offer solution to constant issues in payment to our freelancers developers.(GHD) Will enable us to speed up payment process. Important Productivity and get everyone involved success.

Giftedhands allows users to trade BEP20 tokens provide liquidity to the exchange and Earn fees

Well, sing a crypto currency anywhere gives you a 100% security over your funds and a 99.9% chance of not being hacked. For someone to be able to hack GHD you must hack then main Ethereum block chain itself, which is practically impossible. And also to make sure that investors asset is secured, we've audited GHD on a Blockchain security platform and the report is out there for everyone. And we're also urging investors to always keep there funds in a decentralized wallet and should be moved to a centralized exchange only when they are trading

Is Our Future Giftedhands Competency.....

Trade platform

Giftedhand's professional-grade trading platform, Giftedhands future , is our pick for the best low-fee exchange because it charges some of the lowest fees in the crypto exchange landscape. It's also our top choice for experienced traders, as it offers advanced order types and supports margin and futures trading.

Stake Rewards

GHD is built on Binance Smart Chain (BSC) and operate as a BEP – 20 & Etherscan ERC20 protocol. GHD tokens can be used to earn rewards on giftedhands Staking platforms, GHD also can be exchanges on a giftedhands Swap DEX with other popular cryptos. However, the giftedhands GHD Stake is an exciting feature for users interested in staking tokens for rewards.

NFTs marketplaces

Giftedhands Token (NFTs) have captured the imagination of
the Web3 community. While the most powerful NFT use cases might still be to come, this technology is already transforming digital ownership, identity, creative expression, and community membership. Because NFTs are digital assets that can be bought, sold, or traded, NFT marketplaces play an important role in holding inventory and connecting buyers and sellers.

payment System

The payment system of GHD is a unique method of connecting the crypto with world in real time and use online in predefined domains and payment environments for hotel bookings and purchasing of goods on e-commerce.

Giftedhands mining app

GHD mining is the process by which new GHD are entered into circulation. Mining is performed using sophisticated hardware that solves an extremely complex computational math problem. The first computer to find the solution to the problem receives the next block of GHD and the process begins again.

Wallet

GHD wallet give you a secure private keys, keeping your crypto safe and accessible. They also allow you to send, receive, and spend cryptocurrencies like Bitcoin, Ethereum, Giftedhands (GHD) and many other crypto assets.
