About mission

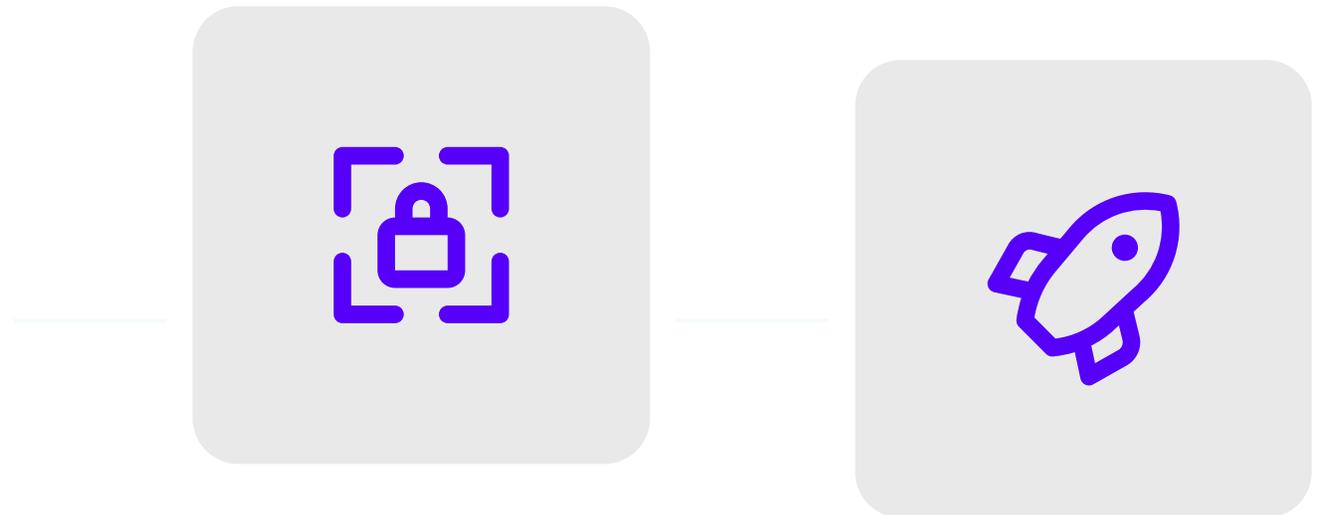

Our mission started on May 15th, 2023. Our landing in Mars is scheduled for April 27th, 2024, precisely on the date of the BTC halving. Everyone in support of our mission will be rewarded not only at its completion, but throughout its duration as well. We Copybaras have prepared something truly special that has never been seen before.

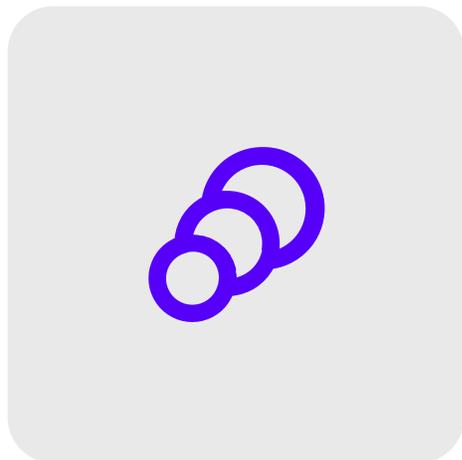

Tokenomics

About us Capybaras

We are capybaras. Very social animals and we live in groups of up to 20 individuals. We are the largest rodents in the world, and as adults, we can weigh up to 140 lbs (64 kg). We are excellent swimmers and can hold our breath underwater for up to 5 minutes.

But the most interesting thing is that we are the best astronauts, which is why we are embarking on a mission to Mars.
