New Woonkly APP releases on Q4 2024

Woonkly.com is about to undergo a transformation that will redefine the landscape of entertainment. We are thrilled to announce that our platform is relaunching as an innovative entertainment app focused on influencer creation and video content powered by Artificial Intelligence. This evolution marks the beginning of a new era where technology and creativity merge to offer unprecedented experiences.

AI is revolutionizing how we create and consume content.

The New WOOP Token: A Fusion for the Future

Alongside our platform's relaunch, we are making significant changes to our financial infrastructure. In the coming days, the Woonkly Power (WOOP) tokens you know, both on Binance Smart Chain (BSC) and Ethereum (ETH), will be merged into a new unified token on Binance Smart Chain. This new token, simply called Woonkly (WOOP), was created and audited in 2024, ensuring security and efficiency for all our users.

The new digital economy evolves with Woonkly (WOOP).

Changes on KuCoin: What You Need to Know

Effective immediately, WOOP token deposits and withdrawals on the KuCoin.com exchange have been suspended to facilitate the contract change that will take place in the next few hours. However, don't worry — the trading of WOOP will not be interrupted at any point, ensuring you can continue operating smoothly.

Transition to the New WOOP: What Happens to My Tokens?

For those holding BSC WOOP tokens on KuCoin or Latoken, the conversion to the new contract will be automatic. You don't need to do anything; your old WOOP will seamlessly convert into the new token. If you hold WOOP on the Ethereum network, you will receive an airdrop of the new BSC WOOP token directly into your wallet. If you Hold BSC WOOP on your wallet or any other exchange, you need to change it on woonkly.com since September 4th 2024. *It's important to note that the old Ethereum & BSC WOOP will become obsolete, so be ready for this exciting change.*

Your WOOP tokens are about to evolve into something bigger and better...

Welcome to the New Era of Woonkly

This relaunch is not just a rebranding; it's a revolution in how we understand and create content. Artificial Intelligence will power the new Woonkly, where influencers and creators can explore new possibilities, generate innovative content, and reach global audiences like never before.

We are excited about what lies ahead and want you to be part of this journey. Get ready to experience Woonkly in its most advanced and creative form.

Welcome to the new era of Woonkly, where AI and creativity meet at every corner of our platform!

The future of digital entertainment starts here, at Woonkly.
