

NAGA Development Association Ltd. (NDAL) has partnered with The NAGA Group AG to introduce the NAGA COIN (NGC) (www.thenagacoin.com).

THE NAGA GROUP AG (NAGA) (www.naga.com) was founded in 2015 and is a German company listed and tradable on the Frankfurt Stock Exchange (N4G.DE), and owning financial licenses from BaFin (Germany) and CySEC (Cyprus). Over the last 2 years, NAGA has raised over \$15m in capital from various prestigious investors such as the private bank Hauck & Aufhäuser (founded in 1796) and the Chinese investment conglomerate, FOSUN Group. In 2017, NAGA went public by performing the fastest German IPO in the last 15 years. During the same year, NDAL issued the NAGA COIN in cooperation with NAGA and raised around \$50m from over 63,000 investors during the NAGA COIN token sale.

NAGA COIN (NGC)
Name (symbol ticker)

59,420,636 NGC Circulating supply.
77,910,266 NGC Total supply.

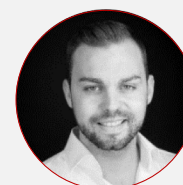

LISTED ON:

THE NAGA TEAM:

Yasin Sebastian Qureshi
Founder & Executive Director
Yasin was the youngest person in Europe to have ever obtained a banking license at the age of 29, and subsequently founded his own investment bank, successfully going public in 2007.

NAGA COIN

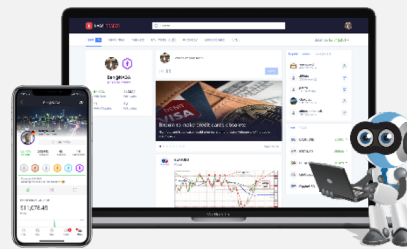

THE NAGA COIN is the unit of account for the entire NAGA Universe: the world's first platform offering full scale digital financial services, ranging from banking, investing to cryptocurrencies and gaming.

By using the NAGA Coin across the NAGA Universe, users can take advantage of concrete benefits such as lower fees, lower commissions or higher bonuses across all products:

- Financial markets (NAGA TRADER, NAGA CARD, NAGA ACADEMY, NAGA WEALTH)
- Digital currencies (NAGA WALLET, NAGA EXCHANGE, NAGA GUARD)
- Gaming (NAGA VIRTUAL)

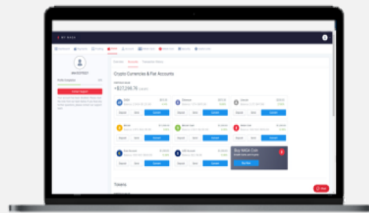

NAGA TRADER

NAGA TRADER (www.nagatrader.com) is one of the fastest growing social networks for traders and allows users to trade stocks, forex, cryptocurrencies, indices & in-game items. The platform saw almost 2 million transactions within 12 months of its start with its current monthly transaction volume hitting 3-4 billion USD.

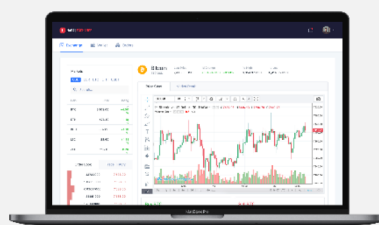

NAGA WALLET

The NAGA WALLET (www.nagawallet.com) is a multi-asset cryptocurrency platform which allows users to store, send and manage all major cryptocurrencies and all ERC20 tokens. Users can send cryptos to other NAGA WALLET users by simply entering their email address, directly buy cryptos with credit card, transfer cryptos for trading to NAGA TRADER or NAGA EXCHANGE and invest directly in ICOs.

NAGA EXCHANGE

The NAGA EXCHANGE (www.nagax.com) is NAGA's own cryptocurrency exchange which currently enables users to trade over 30 currency pairs (crypto to crypto, fiat to crypto, crypto to fiat). The NAGA EXCHANGE features top-level security and is fully integrated with the NAGA WALLET.

NAGA VIRTUAL

NAGA VIRTUAL (www.nagavirtual.com) enables safe and transparent trading of in-game items.

NAGA GUARD

NAGA GUARD (www.naga-guard.com) offers data-driven rating data for cryptocurrency markets.

NAGA CARD

NAGA CARD (www.naga.com/card) offers SEPA region clients an own IBAN and MasterCard.

ONE single sign-on for EVERYTHING
