ABOUT GGT

We're the first platform where an NFT works for you and gives you passive income.yes, you read that right, there are goat NFT, and they will work for you you will receive up to 7% of the price of NFT every month. This will be a very rare and limited NFT.

GOAL

We feel our strengths are our transparency & our work to push this project to the rapidest possible level.to establish a credible token with real-world utilities is our goal. Our dedication is unmatched.a roadmap will be permanently update as new innovations occur. We will not relinquish our efforts.ggt has weld an impactful foundation based on transparency and communication to assist investor concerns by posting regular update content and response to all project related questions.

GOAL

**We strive to create a fixed, regular,
and massive income that allows people
to become financially free.**

GOAL

- ➔ Now, everyone would like to earn without doing even a bit of work. If you are also in this category, you are on the platform that will grab upto 7% of your nfts every month without doing anything.
- ➔ Fixed, consistent, passive and massive income is just the first step, in the coming months, the people will be financially free on this platform by creating a fixed, consistency, passive and massive income.

NFTs

Goat gang is a new evolve in the nft world where you get real characters that you can hold and earn real passive income from. It may be true that you can get businessman, trader, self-employed and every nft will give you passive income based on their abilities.

HOW TO BUY ?

Nfts will be released and only ggt tokens will be usable to buy them, no ethereum, no btc, only ggt tokens. Consequently, the ggt token value and its price will soar, as you must buy ggt tokens to open world's first real character nft. You can buy the ggt token through cointiger exchange

INVESTMENT RISKS

In addition to growth guarantees, the Company also provides information on global exchange rates. Any links to third-party sites are not endorsed by the Company for their products, services or information. Neither the company nor the information on such sites is guaranteed to be accurate. Furthermore, the Company should not control third-party user agreements and privacy policies.
