

 **DIONE MIGRATION:** Oct. 30th – Nov. 5th, 2024

**7:00 AM UTC on October 30, 2024** – MexC, [Gate.io](#), and CoinEx will suspend trading, deposits, and withdrawals for [\\$DIONE](#).

**11:00 AM UTC on October 30, 2024** – Dione Tech Team will take a snapshot of all holdings and withdraw the liquidity pool (LP) from Ethereum.

**4:00 PM UTC on October 30, 2024** – Surprise Announcement.

**November 5, 2024** – Trading will resume, and the mainnet will be open to the public.

**Important Information:**

**No Action Required:** All Dione holders, whether on-chain or holding on CEXs, do not need to take any action for the airdrop; this process will be automated.

**Token Swap on CEXs:** Centralized exchanges will handle the token swap and conduct the airdrop internally after receiving the airdrop, then re-enable trading.

**1:1 Airdrop Ratio:** All on-chain wallet balances included in the snapshot will receive the airdrop at a 1:1 ratio.

**Liquidity Provision:** 100% of the LP will be re-seeded on Odyssey Chain prior to the airdrop distribution.

Expect daily and constant communication from all team members on Telegram and X throughout this time.
