Firefly becomes Bluefin

January 29, 2023 | Announcement

Today, we begin a new chapter - Bluefin. We all loved Firefly, but the time has come for us to embrace a new name. While things may look different, know that we're still here to offer our users the most powerful decentralized trading experience. With this change comes a number of exciting product updates. There's so much more to Bluefin, and it's coming soon!
