-Milo's confession

Good day everyone, I am Milo from the dog world.

I have seen the good and evil side of the world,
which can be selfish and greed or generosity and selfless.

The existence of the devil side does not mean that

I have to be evil myself. To the end,

I believe in the sense of justice within my soul.

I hope to help the other comrades

that are in need of help

at the same time where

I gain more knowledge and power.
