Ethereum's FairLaunch Presale ensures inclusivity,
with no private sales to ensure equal opportunity for all participants.

ROADMAP >

PHASE 1: DEPLOYMENT

- ✦ Deploy a secure and audited Ethereum Token contract
- ✦ Launch the official website and the current whitepaper.
- ✦ Complete third-party audits and KYC for transparency.

PHASE 2: FAIRLAUNCH ON PINKSALE

- ✦ Host a tax-free FairLaunch Presale.
- ✦ Allocate funds for marketing, charity, and development.

PHASE 3: TOKEN LAUNCH

- ✦ Uniswap Listing: Launch Ethereum Token with locked liquidity to establish trust.
- ✦ Contract Renouncement: The contract has already been renounced with a 0.3% tax, ensuring transparency and decentralization.
- ✦ Marketing Wallet Usage: The marketing wallet will exclusively fund marketing, charity, and development initiatives.
- ✦ Growth Strategy: Locked tokens will be utilized strategically as needed, and utilities will be developed to ensure sustainable revenue generation.
- ✦ Core Focus: Prioritize trust, decentralization, and the sustainable growth of the ecosystem.

PHASE 4: GROWTH

- ✦ Ethereum Club: An exclusive community for key supporters with special privileges.
- ✦ CEX Listing: Pursue the first centralized exchange listing.
- ✦ Ethereum Key: Exclusive access for early supporters to future presales and private sales.

PHASE 5: AI INTEGRATION

- ✦ Leverage artificial intelligence for unique utilities (details in the next whitepaper).

FUTUTRE PLANS >

A new whitepaper will be released post-launch to detail the integration of AI, future utilities, and additional growth strategies. This will ensure that Ethereum remains dynamic and aligned with technological advancements.
