. . .

Hello Richie Fam!

It's been a wild ride, from launching & seeing such a good community encouraging us all the way from the start to our highest marketcap ever.

We love the fam with all our heart and have been developing for Richie and it's betterment at all times. We built Richfolio, the best tracker app ever seen, the first of it's kind and still the only 3D Website Planet Rich in the cryptospace to exist. We even had the first of it's kind cryptocurrency advertisement for Richie!

The fam has been here for our tough times and it's time we give the fam and Richie the recognition it deserves.

WE'VE DECIDED TO MIGRATE! A NEW CONTRACT WITH STATE OF THE ART TOKENOMICS, A MUCH NEEDED UPGRADE FOR THE BETTER FUTURE OF RICHIE!

Currently, We earn in native tokens for marketing and charity wallets which when sold causes a huge dip in the chart making our fam fearful and hesitant. The existing contract is outdated and lacks the utility we require for the constant development and upgradation of Richie.

For the benefit of Richie and the entire community, we have decided to change both the tokenomics and reflections, giving us more of a competitive edge now and for the foreseeable future. We are always reviewing our progress and what is happening in the market to ensure we are firing on all cylinders.

MIGRATION DETAILS AND GUIDELINES ARE AS FOLLOWS :-

1. You are required to send your Richie tokens to the address mentioned below.

2. The Richie fam will have 14 days to send their existing tokens to the recalling address. Any tokens sent after 14 days will not be considered for recall.

3. Once we recieve the tokens within the timeframe provided, we'll be creating a new STATE OF THE ART TOKENOMICS which will provide us with everything we would require for promotions and development without causing any dump or massive sell off in the chart.

4. The new tokens will be claimable via the website. Further details to follow regarding the claim.

5. The new tokens can only be claimed from the wallet you sent your existing Richie tokens. Other wallet for claiming tokens will not be possible.

Rest assured, we are and will always be here to answer any questions regarding the migration and callbacks.

WALLET ADDRESS TO RECALL TOKENS IS MENTIONED BELOW :-
0x265fe0297a1cb2ec4ba9ca56ff19e8e37d828bd8

PLEASE BEWARE OF SCAMMERS, DO NOT SEND YOUR TOKENS TO ANY OTHER WALLET ADDRESS OTHER THAN THE WALLET ADDRESS MENTIONED IN THE OFFICIAL ANNOUNCEMENT!

We really appreciate your ongoing love, support and encouragement. More updates on our future plans will be available in our upgraded community – https://t.me/RichieUpgraded, make sure you join and enjoy the ride.

- Team Richie
