📢 Palcoin Relaunching & Smart Contract Migration and Upgrade! 🚀

We are delighted to announce that Palcoin team has agreed to relaunch Palcoin project to focus on Ai and latest technology advancements.

Palcoin is an Ai driven platform integrating artificial intelligence and Machine Learning with blockchain to revolutionize crypto venture capital investments.

🔹 Security First: We are developing a new smart contract with the latest security standards to ensure maximum reliability.
Migration to the new contract will be announced soon and will be implemented according to KYC guidelines.
On Chain holders record cut off time is:
(Jan-29 23:59:59 UTC). Any transactions executed on chain after cut off time will not be migrated.

🔹 Strategic Expansion: This is more than just an upgrade—it's an opportunity for rebranding, launching a new website, and expanding our ecosystem.
A brand new modern website will be launched soon.

🚀 Stay tuned for more updates coming soon!
