Unamano $Whypad
@unamanoio

ANNOUNCEMENT ❗

In view of the recent security issue, we are doing a token swap to deprecate the old $WHYPAD token and will be airdropping a new $whypad with a new smart contract:

Ticker: $whypad (**lowercase letter**)
Project Name: Unamano (unchanged)
Smart Contract: 0x8fF417E9B7832b09E5717532dC7F251b346442AB

The mapping program is under urgent discussion to compensate the community in time, please be patient and wait for the follow-up notice!

Thanks for all the patience and understanding.
