At TGE, 12,700,475 \$FOLKS (25.40%) are unlocked, consisting of:

- Community (Airdrop): 0.67%/3.29%*
- Ecosystem Growth: 24.73%**

* The total allocated to the airdrop upon TGE is 3.29%. Of that, around 0.67% (Unlocked Community Airdrop) represents an estimated value based on a projected ratio of 25% of users opting for instant claim versus 75% selecting the linear unlock option.

** The Ecosystem Growth allocation follows a projected distribution plan designed to sustain long-term ecosystem expansion.

Community Initial Allocation

To cement community ownership from the start, a portion of the total 35% community allocation has been reserved for direct distribution to early participants.

Airdrop Season 1 Eligibility includes (snapshot taken on October 24th, at around 11:00am UTC):

- Users with Folks Points: 3% of total supply
- Founders Pass NFT holders: 0.16%
- Partner campaigns participants: 0.13% total, distributed as follows:
 - Okx Wallet: 0.05%
 - Airaa: 0.025%
 - Gate Wallet: 0.02%
 - Zerion Wallet: 0.02%
 - Galxe: 0.01%
 - Haha Wallet: 0.005%
 - Orbiter: 0.001%

The remaining portion of the community allocation will be released through future airdrop seasons and incentive programs.

Long-Term Design

- Community allocations: Season 1 airdrops with instant claims or optional unlock, future airdrops, incentives, and campaigns.
- Ecosystem Growth: multi-chain expansion, integrations, liquidity support, listings, and co-marketing.
- Lock & linear unlocking: 12–30 months for Investors, Team, and Advisors to align incentives and reduce short-term volatility.
