Tradeleaf
@tradeleaf

Dear Tradeleaf community, Exciting news! Our project has migrated to Binance Smart Chain!

Our tokens were previously on the Polygon network under contract 0x0F8Db146eC1288FC35C05e3b78c2F27d3fA7c4a5, but now they're accessible on Binance Smart Chain under following contract 0xbb25C03bE85cA09662EcB599df0000b33C2c2c26.

All current TLF holders will receive new tokens 1:1. There is no need to take action, your TLF tokens will appear on your account.
