It's time for a change.

A big one, in fact, as we're embarking on the next chapter of our journey, focused on groundbreaking implementations of AI both in trading and on-chain.

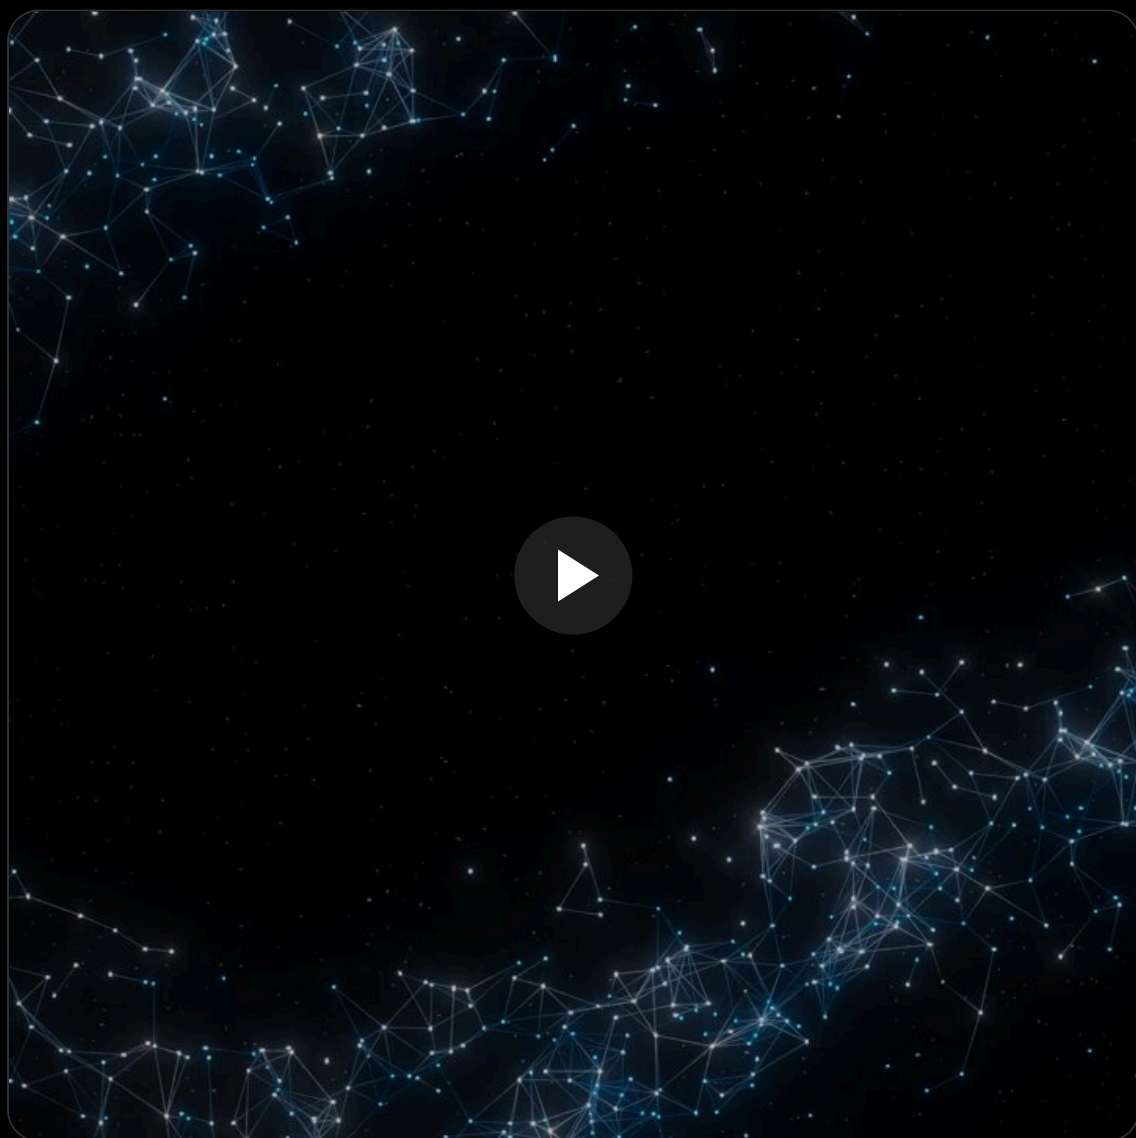

We've been building behind the scenes for a while, and now it's time to reveal all-new products that go above and beyond our previous roadmap.

To reflect this, we're also revamping our brand identity and becoming Numerico. The token ticker **\$NWC** and contract addresses will remain the same, but the name has been changed.

We're incredibly grateful for your support all these years as the NewsCrypto community, and we're excited to have you with us at [numerico.ai](https://numerico.ai)

We are determined and ready to reshape the way we implement AI, with groundbreaking applications both in trading and on-chain.

Exciting times ahead!
