RANDOM BUY BOT

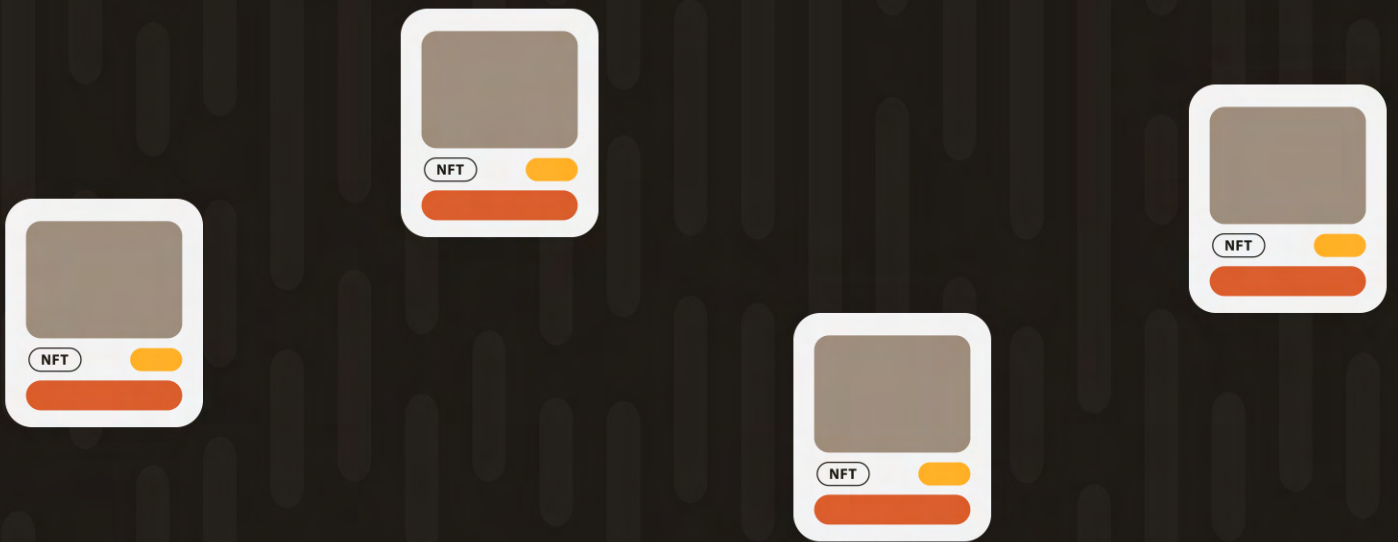

Random Buy Bot is a fun yet useful bot that benefits the crypto ecosystem as a whole, once a timeframe is selected (1 hour, multiple hours or days) Random Buy Bot will randomly pay a chosen amount to a random buyer every time the timeframe ends.

For example if set to an hour and the prize as \$400. Every hour a random buyer will win \$400 and the notification will appear in chat once paid

Once this is mass adopted in several different groups there will be ads put on the bot for **\$DOKE**

NFTS

THERE WILL BE A COMPLETELY UNIQUE AND LIMITED RUN OF 10,000 DOKE NFTS RELEASED INTO THE ECOSYSTEM. INVESTORS AND NFT HOLDERS WILL BE ABLE TO COLLECT, BUY, SELL, AND TRADE THE DOKE NFT'S ON NFT MARKETPLACES.
