

A Howling Good Time: The Stray Dog Whitepaper

Welcome to the whimsical world of Stray Dog, the ERC20 meme token that's wagging its way into the hearts of cryptocurrency enthusiasts. With a total supply of 175 million tokens, Stray Dog aims to create a hilarious and thrilling experience for its community. In this whitepaper, we'll explore the token's unique features and the innovative approach it takes to liquidity.

Introduction:

Stray Dog is not your ordinary token. It's a mischievous mutt with a mission to bring joy, laughter, and maybe a few dog biscuits to the crypto universe. Created as an ERC20 token, Stray Dog's charm lies in its simplicity and its dedication to creating a community of dog lovers and meme enthusiasts.

Tokenomics:

With a total supply of 175 million tokens, Stray Dog ensures there's enough tail-wagging action for everyone. Hundred percent of the total supply will be unleashed into the wild, ready to be snatched up by eager investors. Don't panic, Stray dog doesn't have any form of fees. Make sure to set your slippage to the lowest as possible, to secure your own transactions.

Liquidity:

Stray Dog has a unique approach to liquidity that is sure to make heads turn. Instead of locking liquidity in a traditional way, we've decided to let the flames burn. Yes, you read that right – Stray Dog will burn its liquidity! Don't worry; it's all part of the plan to create scarcity and increase the token's value. Rest assured, no actual dogs will be harmed in this process.
