

Gate.io Will List Teddy Doge V2 (Teddy)

2022-10-11 07:28:09 UTC | 41509 Read

According to the official announcement by Teddy Doge project, Teddy Doge contract is upgraded due to the contract vulnerabilities. Gate.io fully supports the upgrade from Teddy Doge to Teddy Doge V2 and has swapped the tokens for all Gate.io users, with a ratio of 1:1.

Due to the large amount of additional issuance of Teddy Doge, Gate.io will no longer provide the deposit and withdrawal services of Teddy Doge from October 11 on. And the deposit and withdrawal of Teddy Doge V2 are not available currently. Thank you for your support and understanding.

Teddy Doge V2 contract address: 0xDB79c12d1d0670988A39B0E48b96e955eF922d24

The trade of Teddy Doge V2 is scheduled to start at 04:00 on October 13, 2022 (UTC), and the token symbol Teddy will remain unchanged.

Trade Teddy/USDT at: https://www.gate.io/trade/Teddy_USDT

After this upgrade, the price of Teddy may change significantly due to the increased token supply, regardless of other factors. Please have a clear understanding of the situation before placing an order when the transaction is resumed.

Please be aware of any potential risks and trade with caution.
