

☀ About Planet Sandbox

Planet Sandbox is a physics-powered NFT sandbox shooting game that allows players to build and own arenas to fight other players in different game modes using their own NFT weapons and accessories. Powered by the \$PSB and \$PULV tokens, Planet Sandbox has created multiple play-to-earn opportunities within their **Metaverse**.

Sandbox owners can customize their land with limitless building items and design game modes for others to join and play. The land will become a business where players can sell or earn passive income through the shop. The land system provides creators with various possibilities to build on diverse sceneries and landscapes such as Grass, Desert, Mountains, Toxic Wastelands, Arctic, etc. Eventually, the game will include other planetary environments.

Aside from the builder tool, multiplayer game modes allow players to choose their favorite sandbox and compete with others in intense fighting games (such as deathmatch, battle royale and props hunting) to earn prizes.

Market Positioning

The demand for NFT continues to surge, and the NFT market is showing no sign of slowing down. The combined market cap of 6 significant gaming NFT projects has increased by 1,625%, reaching a total capitalization of more than 3.2 million USD in less than three months.

A survey from **March 2020** revealed that gamers in the U.S spent 45% more time playing video games during the quarantine. PlanetSandbox believes that the **Play-To-Earn** model is opening a new window of a solution to ease the hardship brought upon by the pandemic.

Since most NFTs on the market are click to earn models, PlanetSandbox is a promising project that brings players a brand new experience in the NFT game. Here you can participate in a vast range of intense game mode matches. **Have you ever played Fortnite or PUBG? Try PSB, a similar but monetizable NFT game on the blockchain platform – The next evolution of Play to Earn.**

Project Vision

The project's vision is to create a metaverse built and controlled by players. Planet Sandbox provides a diversity of weapons and champions system for players to use in plentiful game modes. So that players can be immersed in PSB's ecosystem, which not only allows you to play and earn but also comfort you in your free time or relax with friends.

Roadmap 2022

Updated March, 2022

Tranquility Before Chaos

It all begins with a powerful yet catastrophic rare mineral — **Paragon**.

In the year 2504, humanity was finally able to extract a powerful mineral: **Paragon**. This robust material can generate a record-high amount of energy, which was able to power light-speed engines for long-distance space traveling. With the power of the Paragon, in 10 years, humans could push for more space expeditions than 2500 years before. With the ability to power massive fleets, the United space force or USF organized several space crusades across the galaxy. Billions were eager to leave the overpopulated world and sought their future in the unknown. Countless thriving colonies were built across the universe.

With the discovery of vast riches and resources on the new worlds, private-sponsored crusades began to take shape. These private crusades create their separate sectors despite the USF opposing this action. The golden age of exploration continued for 1000 years until the government's Paragon reserve started to dwindle. Meanwhile, newly integrated colonies had a difficult time extracting this precious mineral; several crusades or settlements to the outer border mysteriously disappeared. USF unitized alternative supply from privateer-owned Paragon mines.

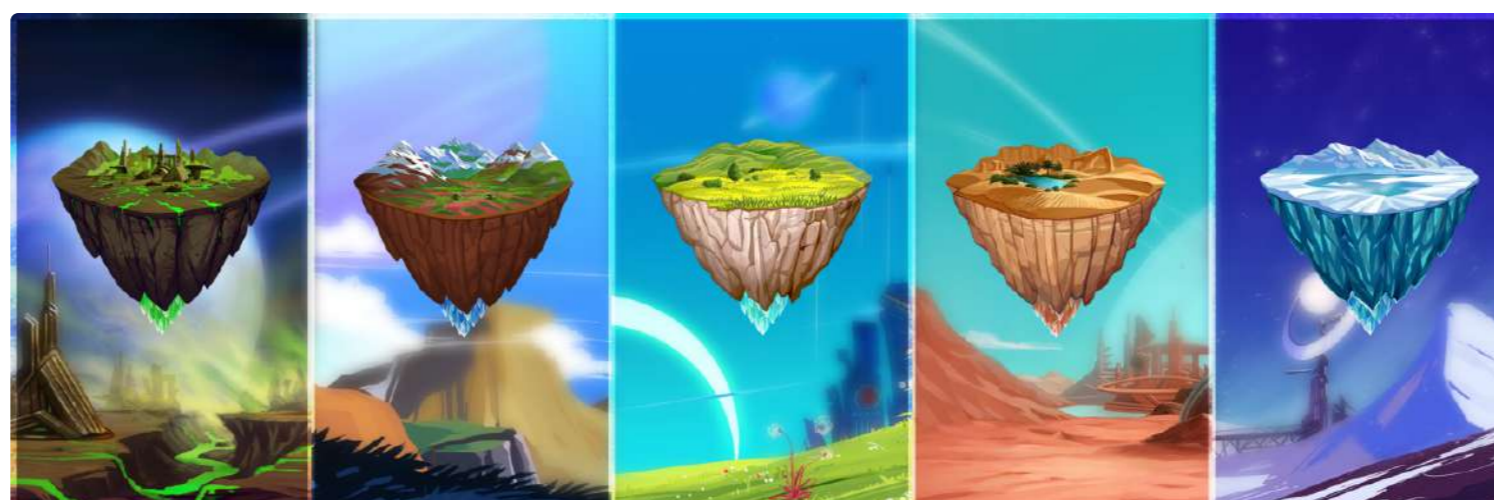

The War Arise

The downside of Paragon harvesting in large quantities is the environmental damage. Consequently, several fertile planets turned into dead worlds. Tension started when the privateers, led by the powerful Solheim sector, demanded compensation from the USF. This tension reached the breaking point when a tragic incident occurred. Solheim's governor's daughter, **Mistress Fryd Solheim**, was fatally wounded. The investigation suggested she was kidnaped and met her demise during an escape attempt. Mourning his precious daughter's tragic death, **Lord Gustav** rallied his infuriated allies for retribution against the USF. And then comes the inevitable. The human civil war occurred. The conflict resulted in a mutual loss for all participants. A large amount of **Paragon** and other resources were wasted. The devastation also erased all advanced **Paragon** mining facilities, thus suspending all further harvesting of such material. Unable to fuel their war fleets with the remaining **Paragon** reserve, all factions isolate themselves into few planets that they can reach.

The Dawn of the New Metaverse

Most of the habited and bloomed colonies now became barren wastelands. Scavengers or explorers, similar to their privateer ancestors, start to wander to such deadly worlds. They are willing to overcome hostile climate, brutal pirates, cosmic entities, and many challenges. These brave individuals seek fortune from the leftover **Paragon**, scattered around the war zone. This powerful mineral once again serves humanity as a recycled, cheaper, and less concentrated form name **Pulvis**.

Game Modes

PlanetSandbox has many modes of game to play:

- Building Mode
- Multiplayer Mode
- PvE Co-op Mode

Building Mode

This is where the vision starts. Players will be provided with the builder tool to customize every item in their inventory, making the foundation for their sandbox world.

Building Mode Preview

Multiplayer Mode

a) Deathmatch:

- Player will be rewarded tokens with a chance of extra loot-boxes, NFT objects after game sessions
- The landowners can customize game modes and rules. The more attractive maps and rules are, the more possibility to earn.
- Some preset game modes from the publisher would be game built-in
- Player will be rewarded tokens with a chance of extra loot-boxes, and NFT objects after game sessions

b) Battle Royale:

Many players will be thrown into an enormous and intense battlefield where they need to scavenge weapons and show their skills for survival. The last player who survives will get the most valuable rewards

Note: requirement to start a battle

- Minimum: 5 players in a match
- Maximum: 20 players in a match

c) Esport Mode:

Esport Mode – is an **exciting** mode that players can their friends to join and win the Tournament

PvE Co-op Mode

Co-op with other players to fight against bosses, or join in intriguing game modes. There will be many more exciting and monetizable game modes in the future.

a) **Zombie:** Co-op with other players to fight against hordes of the zombie invasion.

b) **Red Light - Green Light (Squid Game):** Red Light – Green Light in Squid Game has become viral in 2021 and inspired the PSB team to create a new exciting game mode that allows players to experience these thrills and spills moments. This game mode will be released soon.

c) **Props hunt:** Another intriguing game mode in which players become props or hunters. The props are disguised as objects around the map and merge with the environment. The props are trying to hide from the hunters and avoid death. Hunters win the round if all props are killed, and props win if the time runs out or all hunters die.

In-game objects & elements ⋮

What is a **Sandbox**: the final product combined from objects, land slots, and rules. It can be traded as an NFT item.

There are two types of Sandboxes.

- **Default Sandboxes**: provided by the developers and initial playground for the players. The player must spend a small amount of soft currency to enter it or hard currency to purchase a copy of it. All the income goes to the developers.
- **Player-created Sandboxes**: content generated and provided by the players. Players other than the owner must pay a fee to enter/purchase it. The fee is defined by the owner and part of it (tax - calculated by %) will be sent to the developers.

Each **Sandbox** has its own rules, using preset game modes such as: deathmatch, hunting prop, rescue hostage, capture the flag, or custom game mode created based on a list of preset rules.

Objects

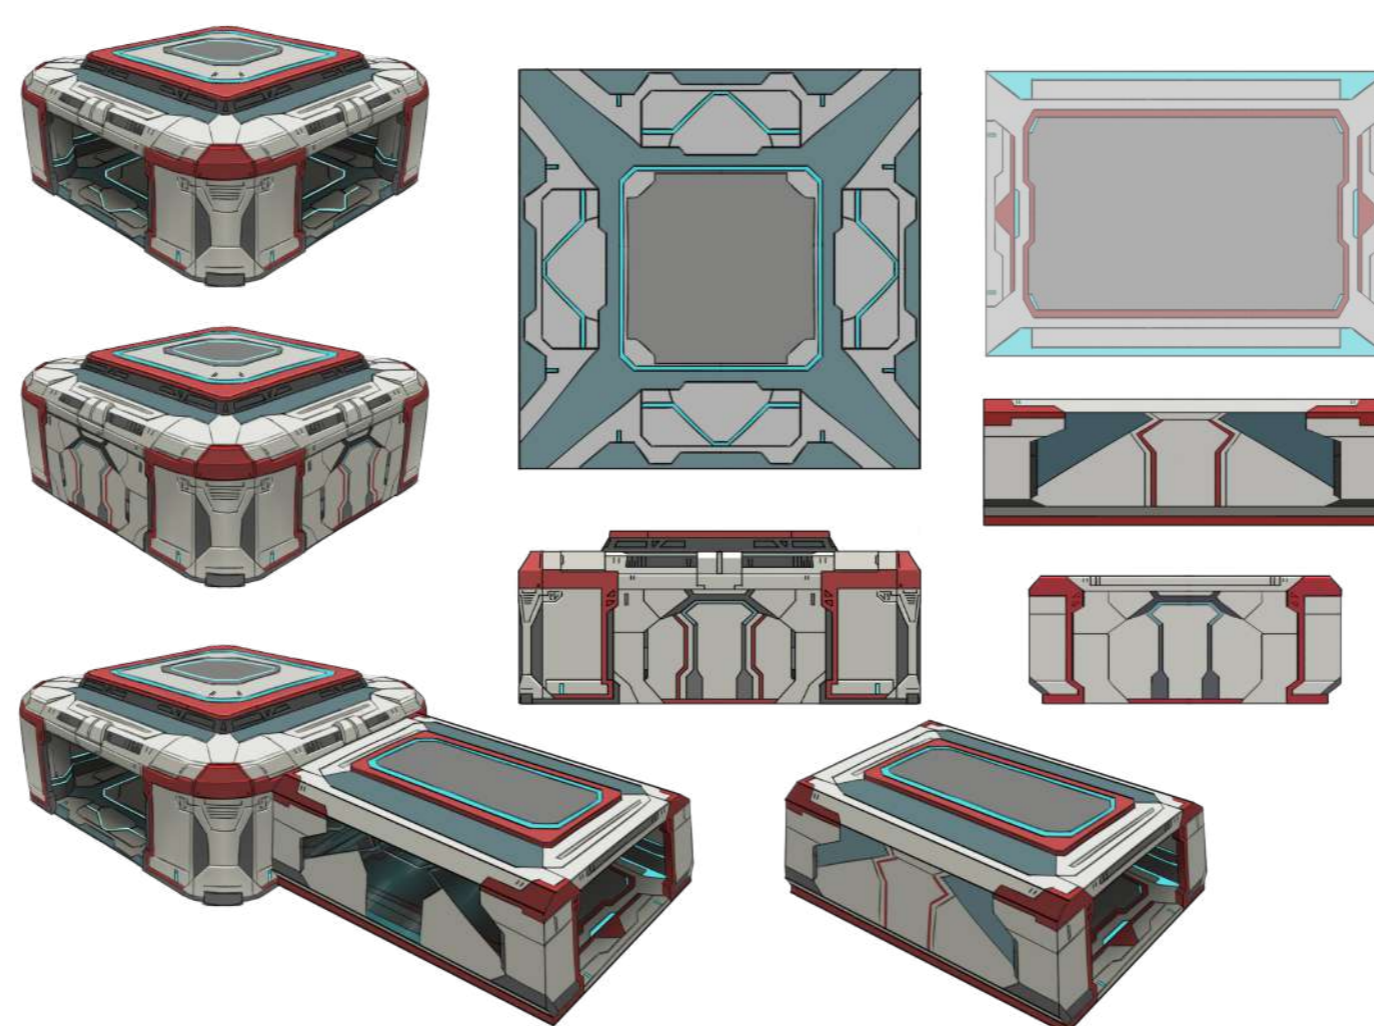

:

The player can use objects for various purposes in the **Sandbox**. The objects are divided into different types, called “Categories”. Each category of object serves a specific purpose in the game.

Object Categories

Buildings

- The objects in the Buildings category are all types of buildings, as the name suggests. The player can get inside them via the door/ entrance of the building.
- By default, all buildings come with empty interiors.

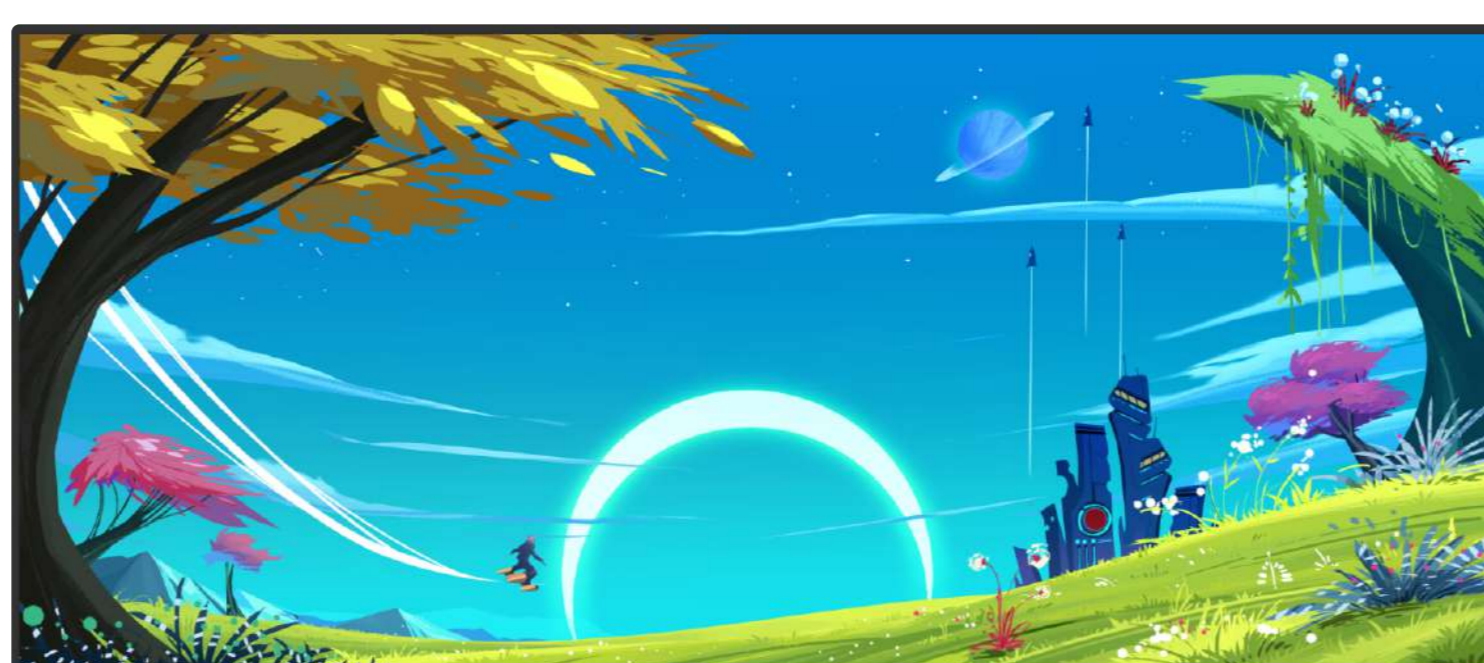

Furniture

- Objects in the Furniture category are furniture items that can be put inside/ outside the building.
- Furniture is mostly for vanity/ obstacle purposes, but some unique furniture can be interacted with and give special effects to the player inside the sandbox.

Landscape

- Objects in the Landscape category are decorative items that can be put in a sandbox, but not in the building.

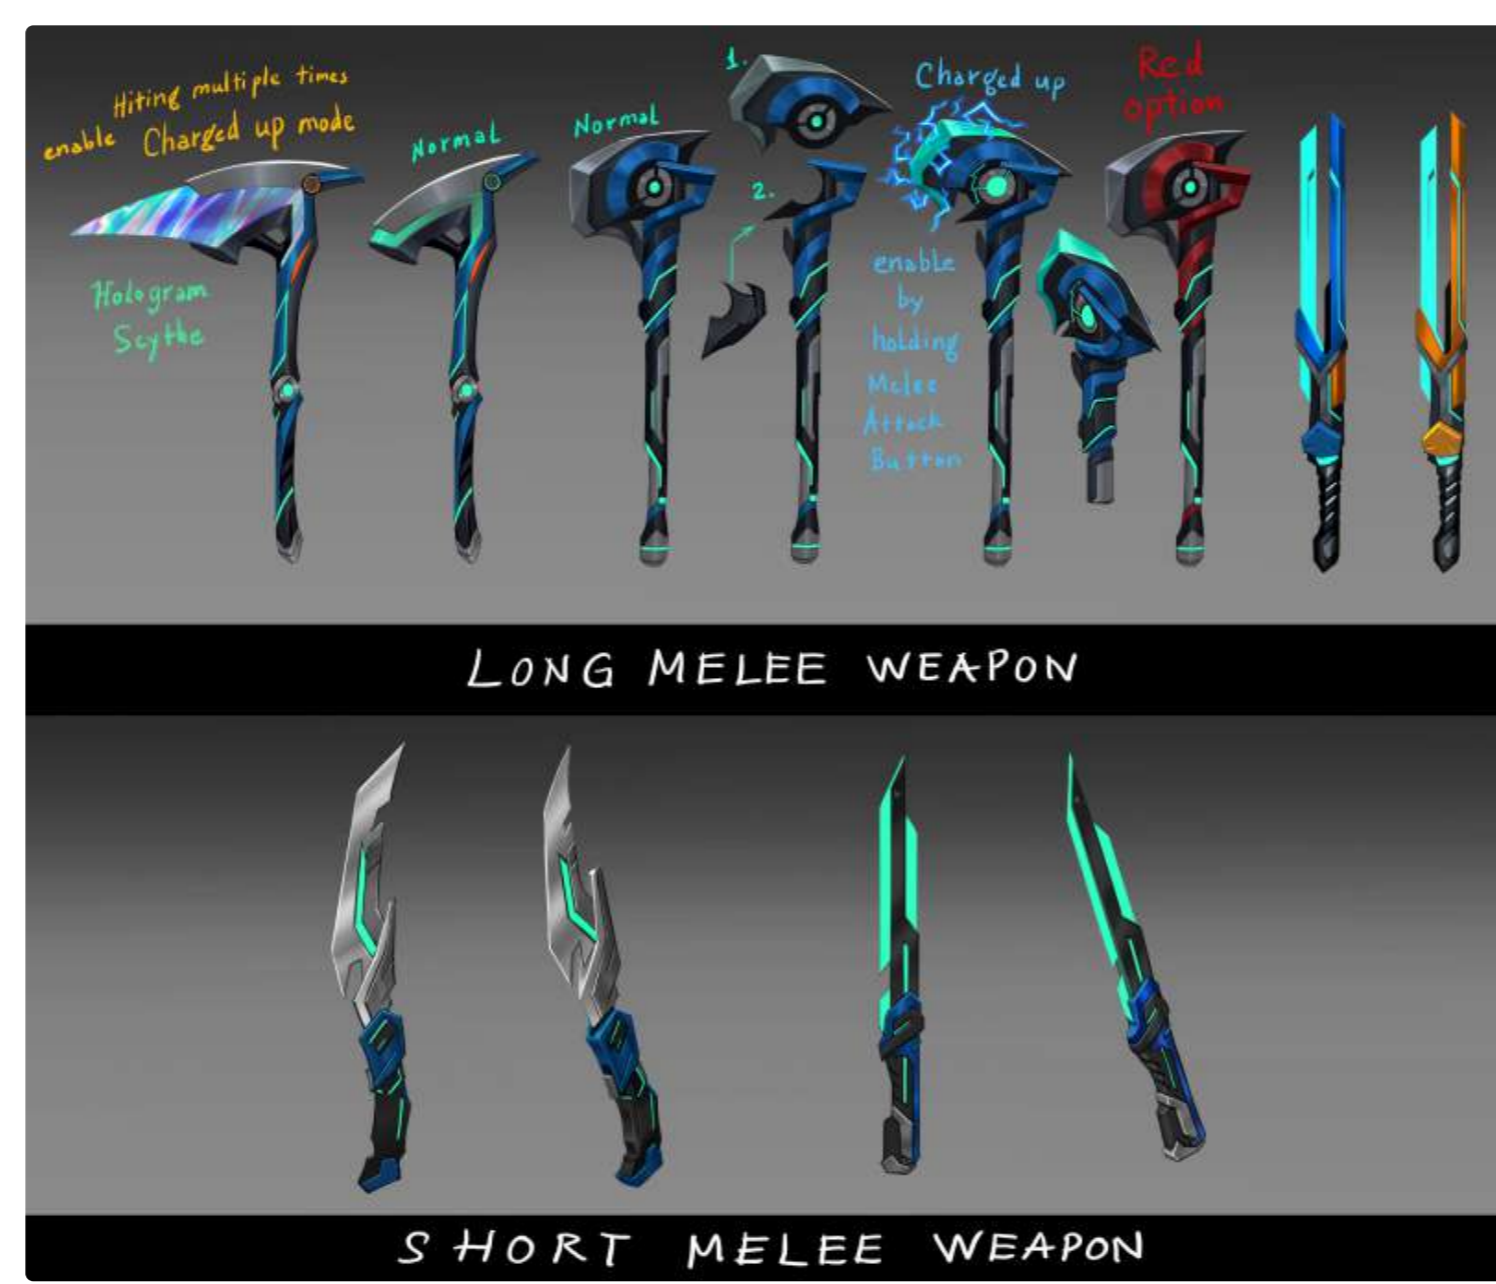

Vehicles

- Objects in the vehicles category cover all types of vehicles the player can get inside the game.
- They can be used to transport the player from one location to another.
- Vehicle **types** can be land transportation, air transportation, and water transportation; weapon **Weapon**
- Objects in the Weapon category are tools

Weapon

- Objects in the Weapon category are tools the player can use to fight in a PVP game mode.

Melee Category

Armor

- Objects in the Armor category are the protective gears that the player can equip.
- Armor objects can be equipped to protect the wearer in a PVP game mode. They also serve as vanity items.

All the objects belonging to these categories can be customized to receive different properties.

NFT Weapon Mystery Box: Unbox Video

Object Properties

All the objects have a list of properties assigned to them and can be customized to change those properties for better items.

- HP stats (Building, Furniture, Landscape, Armor) - co-op only
 - Once an object HP reduces to 0, it will be disabled during the co-op session but will be restored once that session ends.
- Attack stat (Weapon) .
- Defend stat (Building, Furniture, Landscape, Armor) .
- User stat (Weapon, Furniture - interacting furniture only, Vehicle) - co-op only
 - Once the number of uses reaches 0, the player cannot use the weapon/interact with the furniture/ vehicle until the co-op session is ended.
 - The Usage stat of the Vehicle Category will be stylized as fuel. It reduces over time while it's being used.

- Tradable or not. If an object is tradable, it can be sold/lent to other players. If not, it can only be used by the player. Once traded, the object is removed from the player's inventory.

Object Parts and Customization

When the player first acquires an object from a loot box, it is called a base object.

A base object has basic stats but the player can customize it (adding/ removing parts) to increase those stats. For example, a rifle has an attack stat of 27, but installing a special magazine can increase the attack to 60.

The player can acquire the customized parts from the loot boxes or by purchasing from other players.

- Each part will have a specification of what object category it can be used for and one part can be used in multiple categories.
- Parts have their own stats, as in the above example, the magazine has a +33 atk, so attaching it to a 27 attack rifle will increase the atk stat to 60.
- One part can have more than one stat, the more stats it has, the rarer the part.

Object rarity

:

The rarity of an object is defined by the number of customized parts and the rarity of those parts.

Objects have tier levels that depend on special abilities/ properties in the game and limited quantity on the server (timer bomb, iron man suit, gravity gun, helicopter, NPC: slender man, SCP...)

Builder Tool: Design a Sandbox

:

This is one of the core functions of the game. When the player first enters the game, they will be provided a Builder Tool to customize basically every object in their own inventory.

The builder tool provides the player the ability to:

- Customize their sandboxes.

Land slots

⋮

A land slot is a predefined space in which the player can arrange the objects on it.

- By default, when the player creates a sandbox, it contains one playground. The additional land slot can be purchased using
- Player can customize his Sandbox with Building, Furniture, Landscape, and Vehicle objects
- Land slot has its property, and depending on the property, it will have different scenery.
 - Examples of scenery: Desert, Jungle, Grass field, Meadow, etc.

PvP

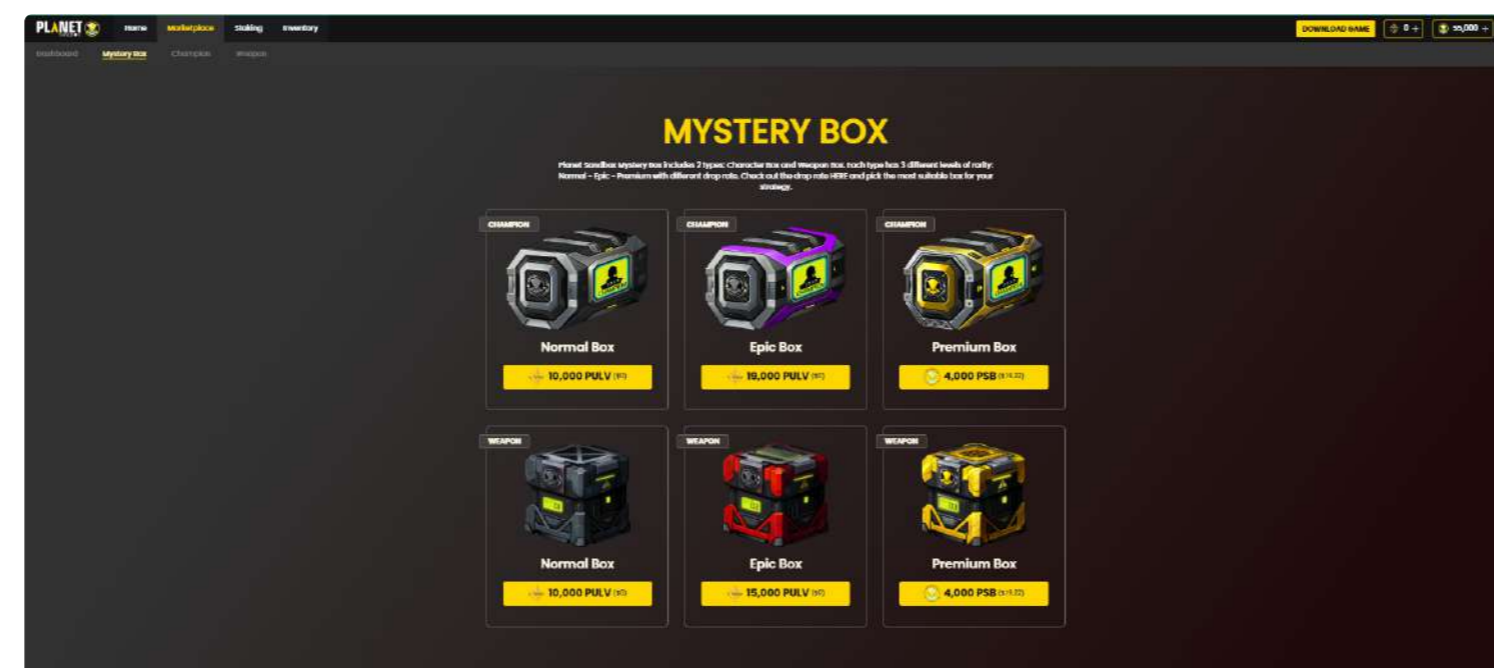

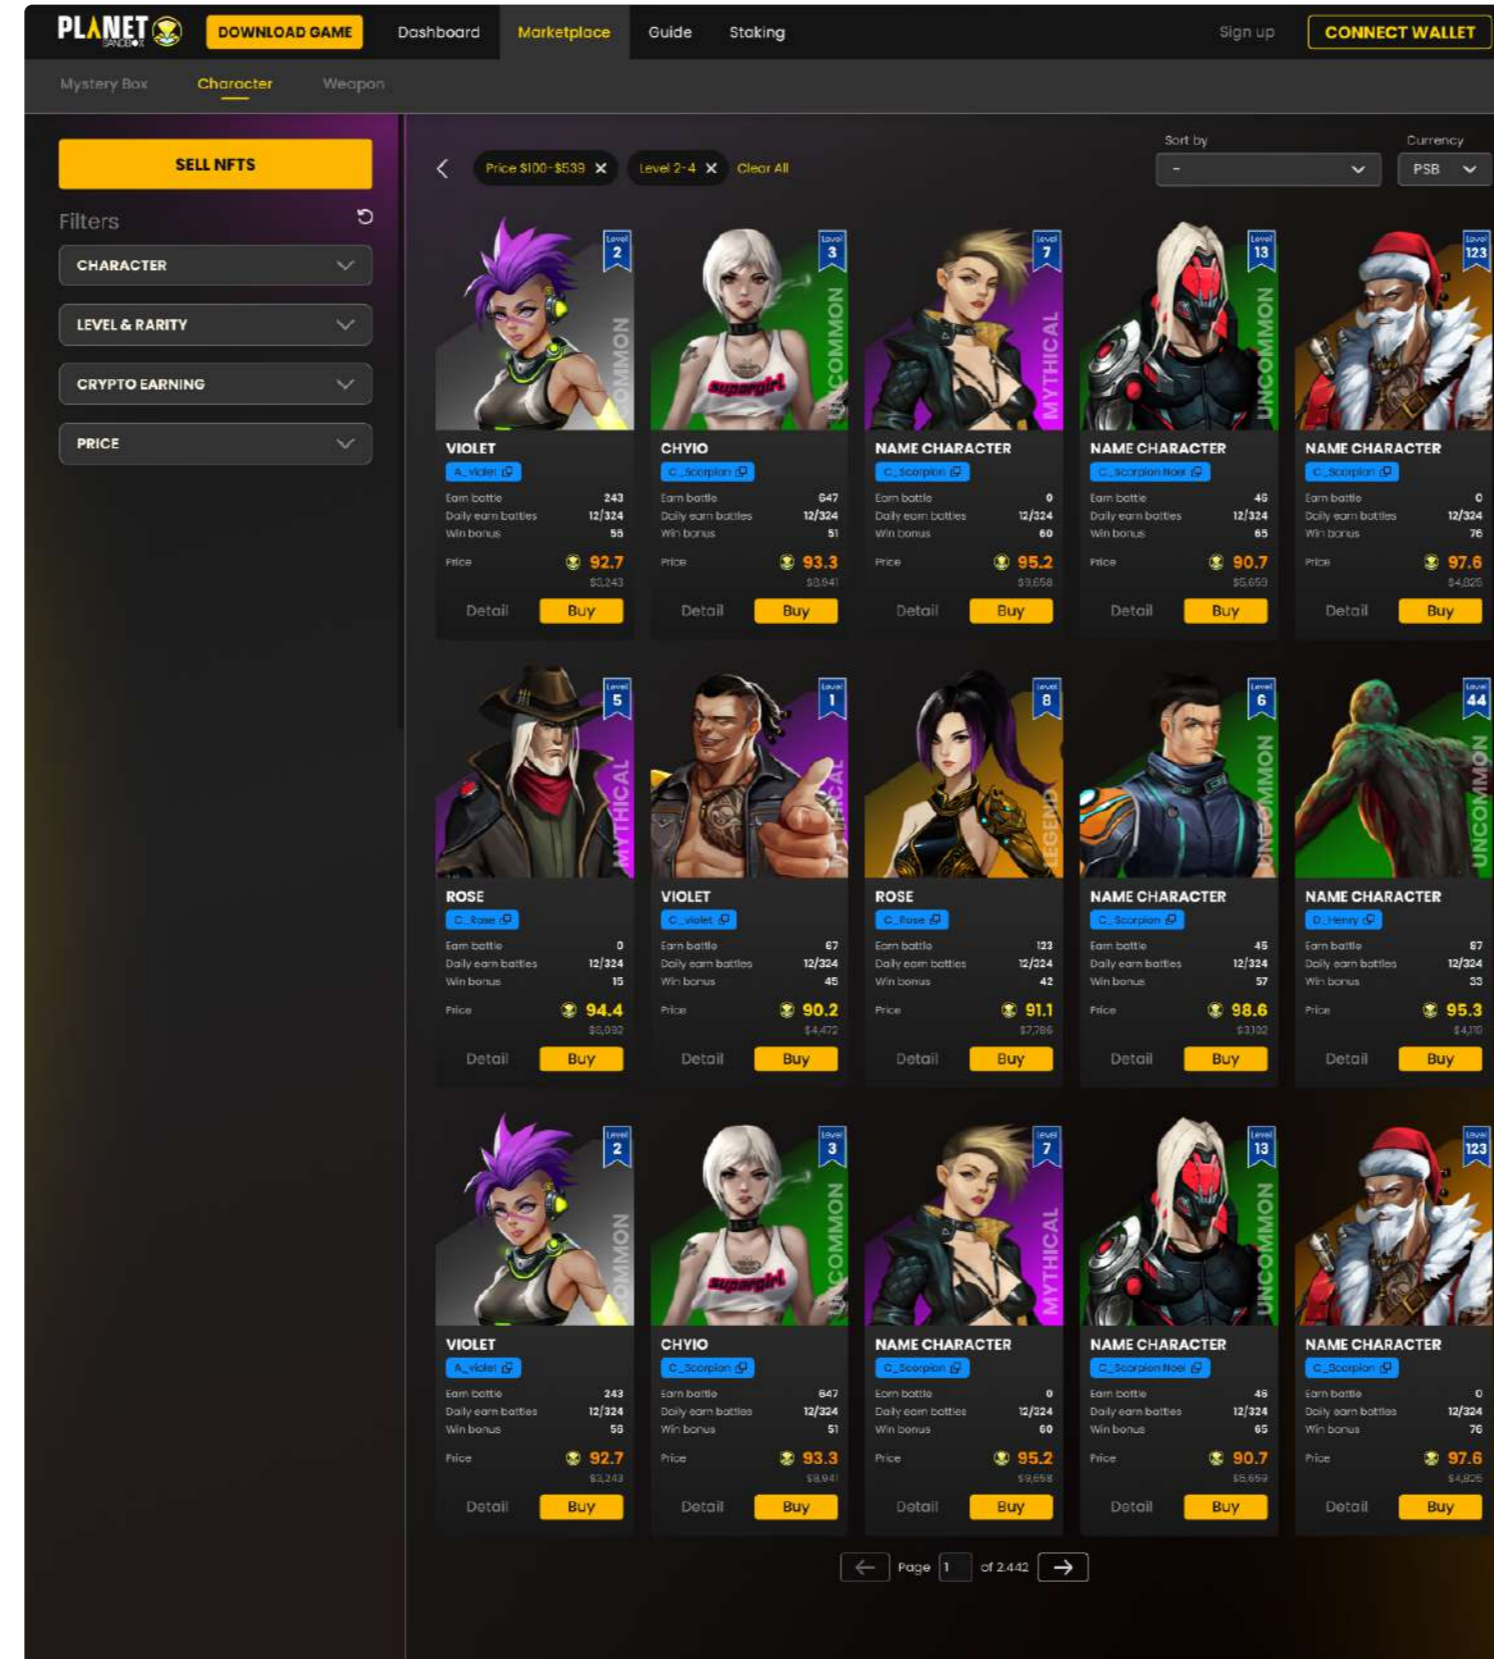

The players can participate in pvp activities to earn loot boxes. Preset game modes: deathmatch, hunting prop, rescue hostage, capture the flag...

- **Default Sandboxes:** the players can join in those sandboxes to fight each other or fight as a team to earn loot boxes, which contain base objects and object parts.
 - These are preset sandboxes, created by the developers.
 - The players must pay a small fee in soft currency to enter and participate in the different game modes.
- **Player-created Sandboxes**
 - These are sandboxes created by the players.
 - Any player who wants to enter those sandboxes must pay a fee defined by the owner to enter it and participate in the activities inside.
- There are several ways to earn money from Sandboxes:
 - Beat other players and win their tokens or NFTs items based on Sandbox's rules. ■ Winner will pay a small fee to the developers .
 - Win a sandbox activity to receive loot boxes, which contain objects that can be traded for tokens/ NFTs items.
 - Being a Sandbox's owner and collecting rent fees from other players who join that sandbox (without even being active in the game)

NFTs Earning System

- Complete quest and other game activities to earn free tokens:
 - Daily/Monthly quest, daily login
 - Season pass
 - Clearing build-in game mode/ finish objectives to earn NFT token or key to open loot boxes
 - Leader board and reward
 - Airdrop in a special event month.
 - Provide objects to first join players (grand opening).
 - Gacha and get limited items: buy a loot box and key with tokens and have a big chance to earn rare items. (drop rate is controlled)
 - Auction in market place with community: item or the sandboxes has been built
- Challenge and accept challenges to win NFT tokens from others:
 - Player creates rules and challenges others in the server
 - Future feature: the designed world can run itself, others players must pay a fee to join.

Trading NFTs Items and Sandbox

- Objects - only objects that are marked as tradable.
- Sandboxes are already built and published - all the objects within must be tradable.

D-app & Marketplace ⋮

Get [The Planet Sandbox Testnet Application](#) to begin trading on Marketplace, and experience other features such as Guide, Exclusive Staking V2,... This is just the first step of many in the journey of Planet Sandbox towards an expanded presence in the greater space and beyond.

[Watch The Ultimate Guideline for D-app & Marketplace](#)

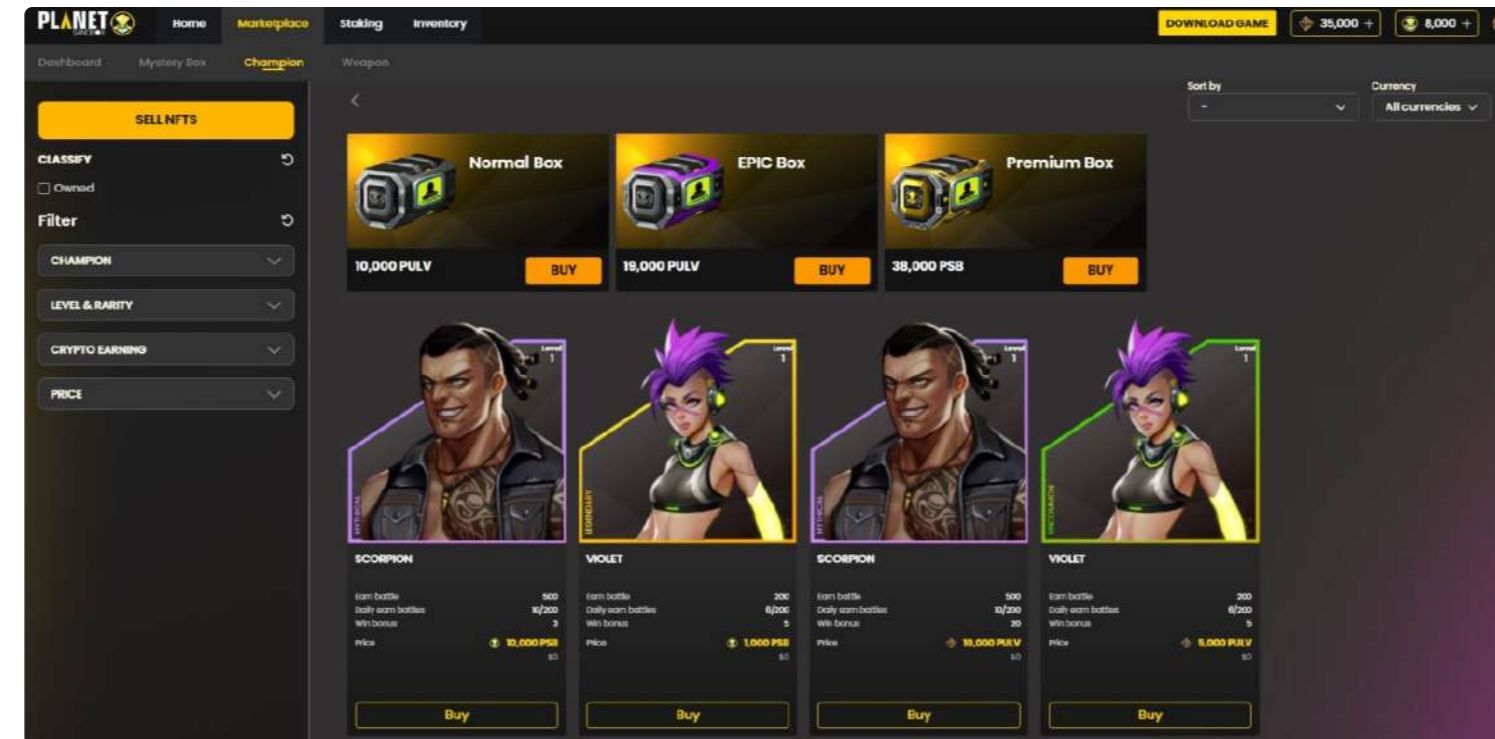

Champion	Weapon	Price

SCORPION #403	LAB	10,000 \$

D-app & Marketplace Function

All you need to know about the D-app & Marketplace Function.

Buy/Sell NFTs by \$PSB or \$PULV

Users now can directly buy or sell their boxes on the Marketplace

- To buy NFTs from our Marketplace, you need to own \$PSB (listed on Gate.io and Pancakeswap) or \$PULV
- For selling NFTs, you have more options. You can sell it in \$PSB, \$PULV

Purchase Mystery Boxes

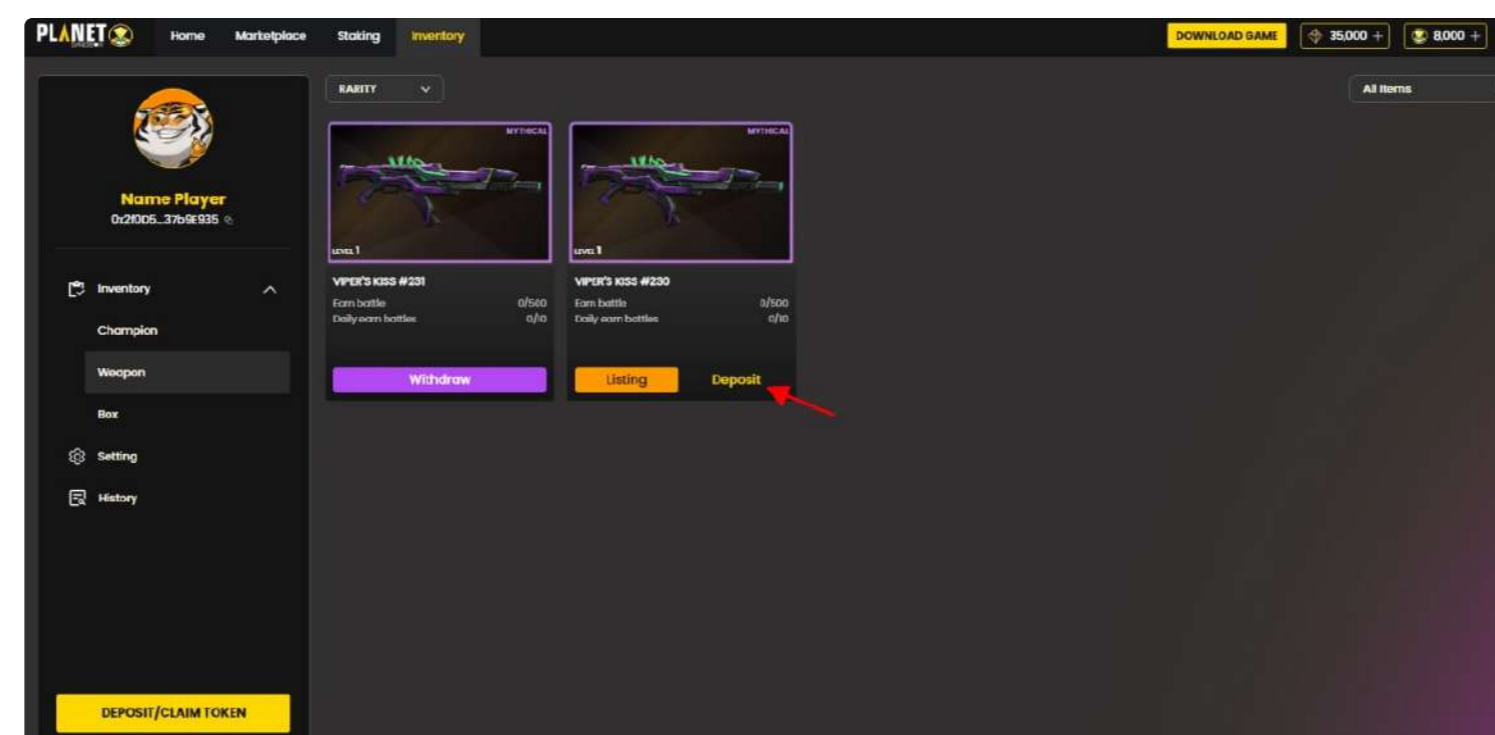

There are three different levels of mystery boxes (Normal Box, Epic Box, and Premium Box). Players will purchase mystery boxes directly on the Marketplace because this process is done on-chain.

The Normal, Epic boxes will be bought by \$PULV, whereas to own Premium Box, users need to have an amount of \$PSB. When opening Normal and Epic Boxes, players will have a chance to have Uncommon and Epic Items such as The Lady's Handkerchief, Frontier Dawn, Viper's Kiss, and other Uncommon and Common Champions. Meanwhile, Premium Boxes bring the opportunity for its owners to possess Legendary Items such as Eagle Eye Neon, Chiyo,...

Note: The higher rarity of mystery boxes, the higher chance for players to possess rare champions and weapons. Hence, players will have a better earning chance in-game, which depends on the strength statistic of NFT items.

Deposit/Withdraw NFTs

To be displayed in the "Inventory" section in-game, NFTs need to be deposited from the Marketplace. On the contrary, once players want to sell NFTs on the Marketplace, they need to withdraw NFTs from the game.

Benefits of owning Planet Sandbox NFTs

Planet Sandbox always makes sure to bring the best experiences to our players. So when you own our NFTs, you will gain these benefits:

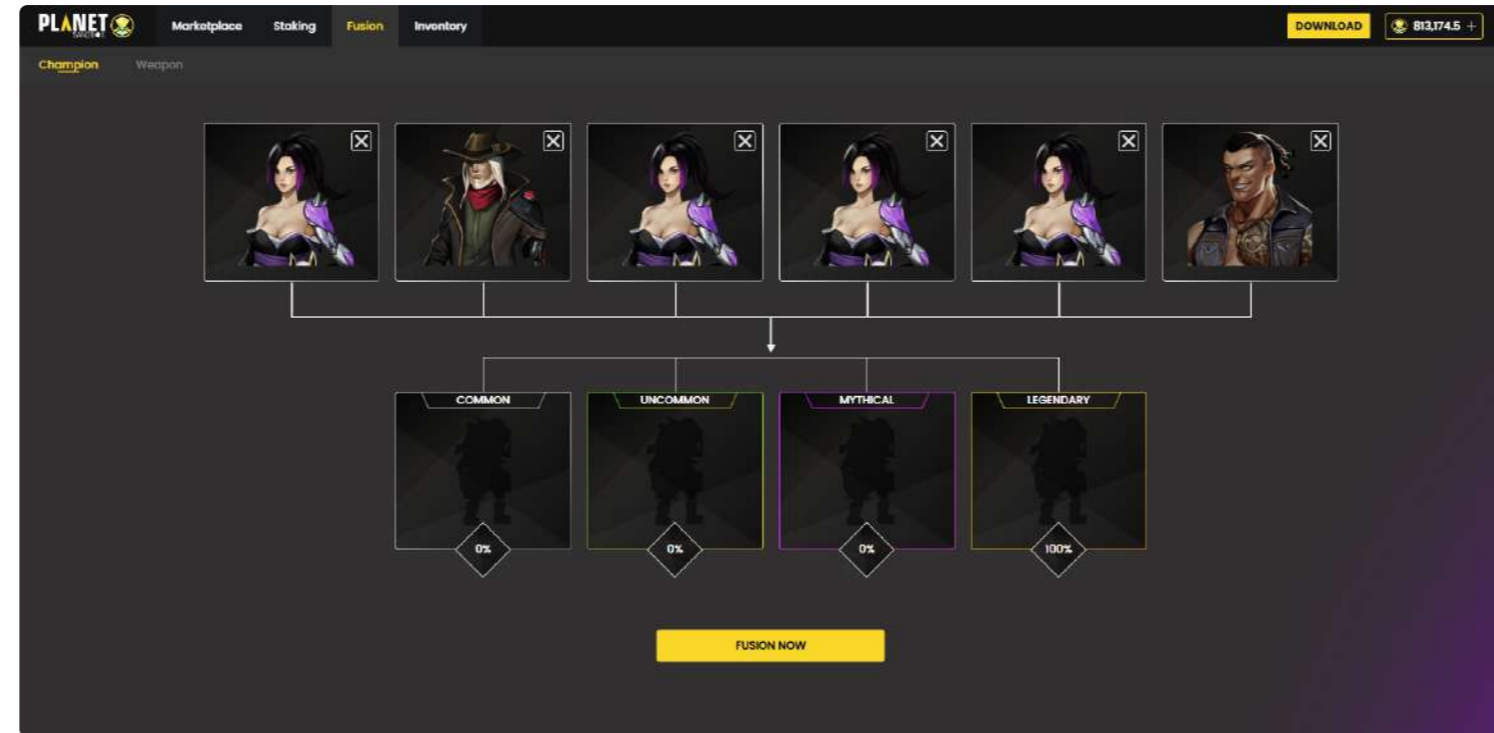

- Earning profits through trading NFTs on Planet Sandbox Marketplace
- Opportunities to participate in important events (Testnet, Mainnet, Esport Tournament...)
- Owning NFT Champions and Weapons is a condition for participating in the game.
- Staking NFTs and tokens with attractive APR and reward levels
- Joining Planet Sandbox game and Planet Sandbox Metaverse with different perks
- Having the opportunity to become a member of the DAO Council to vote on essential project decisions such as game design, monetization mechanism, ...

And countless other benefits we will develop and update shortly.

Fusion

Fusion is a feature that gives players a higher chance of getting rarer NFTs by using 3 - 6 NFTs combined.

Fusion Feature Preview

How to fusion

Step 1: Join app.planetsandbox.io

Step 2: Connect wallet and go to Fusion

Step 3: Choose NFTs you want to use to fusion

Step 4: Click to Fusion button

Staking

Planet Sandbox has been extremely grateful for your consistent support. We want to honor and reward the supporters of our project and loyal holders of the \$PSB token. That's why we have been working hard on a **Staking Program** and today, we excitedly announce the new model to you.

Details of \$PSB Staking Program

The image shows a promotional graphic for the Planet Sandbox staking program. It features a table with four staking pools, each with different durations, APRs, and limits. The background includes illustrations of two characters, a woman and a man, and the Planet Sandbox logo.

Pool	Duration	APR	Min Staking Limit / User	Max Staking Limit / User	Pool Cap	Whitelist to buy Land
1	15 days	13,20%	50	1500	400,000	N/A
2	90 days	15,30%	100	10,000	1,000,000	N/A
3	180 days	22,50%	2000	50,000	600,000	Guaranteed Slot
4	365 days	32,46%	1000	50,000	800,000	Guaranteed Slot

Please note:

- The APY is adjusted daily based on the on-chain staking rewards and the specific APY is subject to the page display on the day.
- The start of your staking period (Value Date) will be counted from 7:00 AM UTC the next day.
- About early redemption: Users can choose to unstake anytime. After choosing early redemption, the principal will be returned to your wallet, however you will not receive the distributed interest. Due to different global time zones, it may take 48–72 hours to receive the tokens.
- The pool will automatically close when reach the maximum capacity.

Benefits

As demonstrated in the pool details, \$PSB stakers will have many attractive benefits.

1. **Enjoy a high APR of up to 32.46%.**

2. **Get whitelisted to buy PlanetSandbox Land NFTs!** This exclusive benefit is granted to:

- All stakers of the 180 days pool.
- All stakers of the 365 days pool.

3. **Be an early bird and share 2,000 \$PSB!** The 10 earliest stakers of every pool will earn 50 \$PSB.

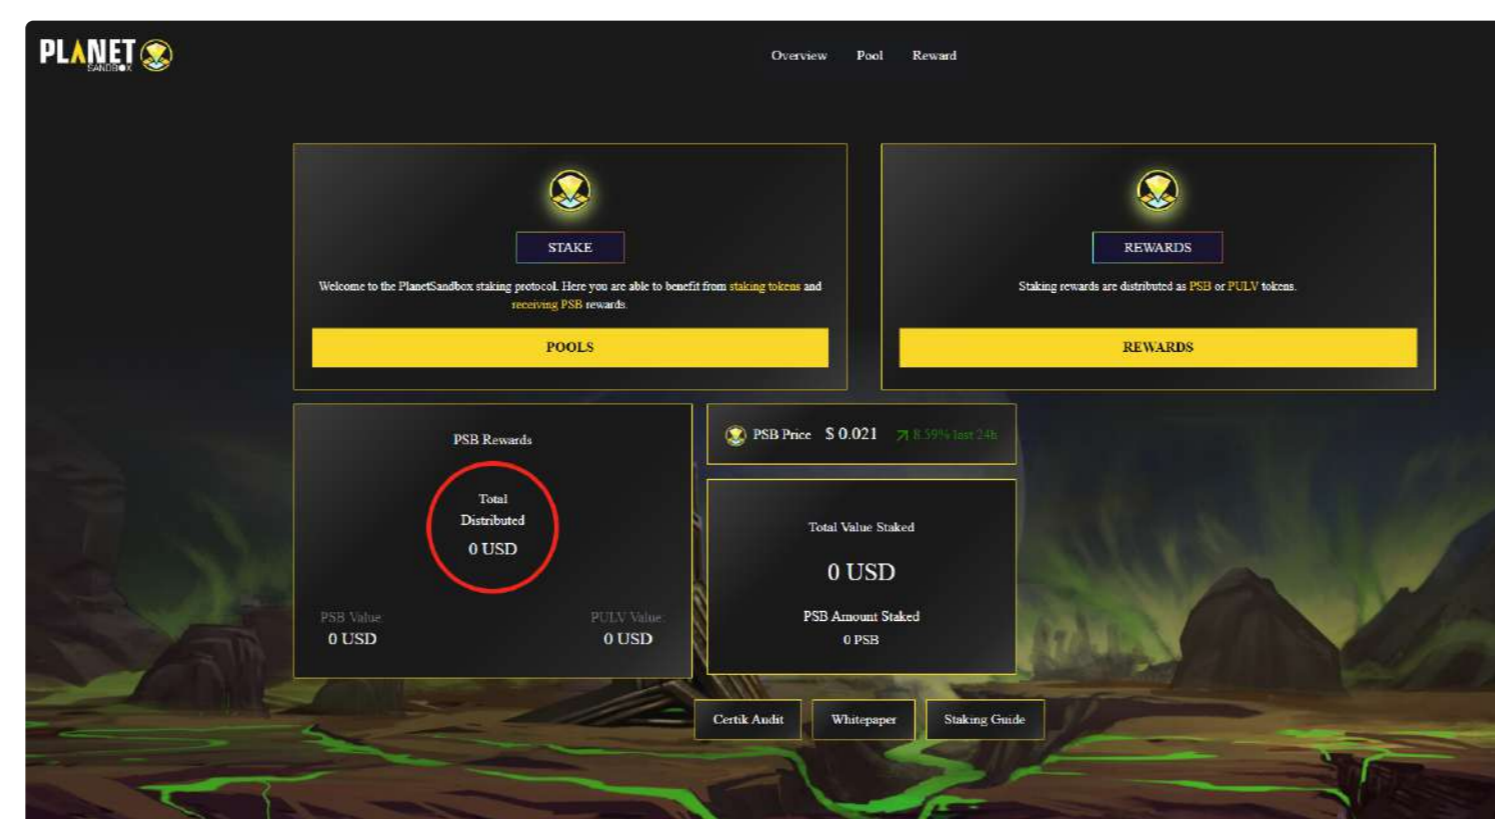

Note: This extra incentive will be rewarded at the end of your staking period. If you choose early redemption, this will be suspended.

How to Stake

Step 1: Join <https://staking.planetsandbox.io/>

Step 2: Connect your wallet

Step 3: Choose your staking pool you like

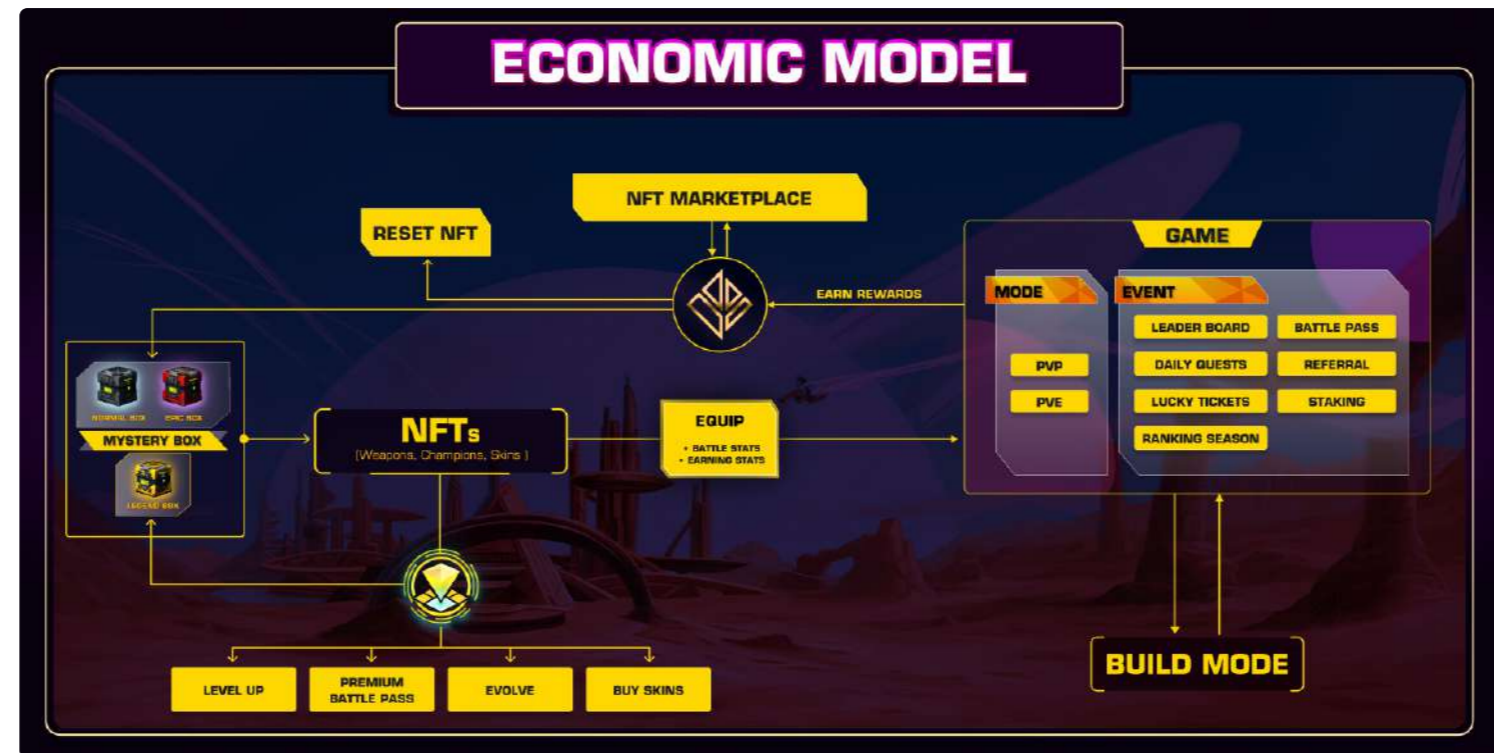

Game Features

PlanetSandbox has many good features in the game

- Fragment
- Booster
- Supply box

\$ Overall Economic Model

PlanetSandbox Economic Model - April 2022

As an ambitious play-to-earn game, Planet Sandbox places equal focus on bringing top-notch gaming experience and a sustainable passive income earning system. Therefore, we have put a lot of research and efforts into designing a Game Economy that would bring you great fun along with significant financial benefits.

Game Participant Roles

Planet Sandbox's ecosystem will have different types of players, but all will have their own mechanism to benefit from the game.

- **Land Owners**

Land Owners have the ultimate freedom to build and design their own territory. Not only that, you are also capable of determining the maps and game modes on your lands. Let your creativity run wild and create battlefields that attract a ton of players. The larger your participant counts, the more incomes you generate!

- **Shop Owners**

If you are a Shop Owner, you can sell in-game consumables such as ammunition (for players' guns), gasoline (for players' vehicles) and earn great profits from the sales.

- **Warriors/ Players**

For individuals with a limited initial investment, you can join the game as a warrior, participate in PvE/ PvP game modes, and beat other opponents to receive rewards! You can also receive game incentives through the quest system, leaderboard, daily logins, and loot boxes.

◆ NFT Ecosystem

The main categories of Planet Sandbox's NFTs system include:

Property Lands and Shops.

You can purchase these NFTs and become Land Owners and Shop Owners — two powerful roles in Planet Sandbox's metaverse who will earn huge and stable incomes from the game.

Assets Weapons, Vehicles and Mystery Boxes.

To participate in exciting and well-rewarded game modes of Planet Sandbox, you would need to grab yourself deadly weapons and vehicles to transport on the lands. Don't skip on the mystery boxes as well — try your luck to receive several rare NFT items that cannot be purchased directly!

💰 Tokens Ultities

Planet Sandbox is going to implement a dual token system: **\$PSB** and **\$PULV**. It's a successful token design that has been used to significant effect by multiple successful projects, and we are confident that it will give our community the best value.

\$PSB

\$PSB token inherently possesses several essential utility functions. Among its many properties, the most powerful one is that it can be seen as the governance token, the key for you to assist and direct the future of Planet Sandbox.

- *In-game transaction, Buy Legendary Boxes and exclusive NFT items.*
- *Join Staking Program*
- *Upgrade NFT items*
- *Access Premium Features*
- *Participate in DAOs*

Note: \$PSB max supply is 100M token

\$PULV

The second token is \$PULV – a BEP 20 BSC token. This **\$PULV** is a game facilitator token and plays many crucial parts in-game.

- *Earn in-game activities*
- *Buy normal or epic boxes*
- *Upgrade items*
- *Refill earn battle*

Note: All in-game incentives will be in \$PULV and NFTs.

Contracts

CertiK report

The official security assessment was published in 29th September by CertiK security engineers.

You can review the full audit [HERE](#)

This report represents the results of CertiK's engagement with the source code of the Planet Sandbox project as well as any contract dependencies.

The in-depth investigation of the smart contract in question included Static Analysis and Manual Review techniques. The auditing process focused on the following considerations:

- Testing smart contract against both common and uncommon attack vectors.
- Assessing the codebase to ensure compliance with current best practices and industry standards.
- Ensuring contract logic meets the specifications and intentions of the client.
- Cross-referencing contract structure and implementation against similar smart contracts produced by industry leaders.
- Thorough a line-by-line manual review of the entire codebase.

The findings were identified and presented in the vulnerability summary, of which ranging from major to informational issues. Most of them has been resolved. No critical issues were found during the auditing process, and the Planet Sandbox team alleviated all findings highlighted by the CertiK Professional Services team, pointing towards a well-written contract by the team's engineers.

\$PSB - Governance token

- **Tokenomic**

The **PlanetSandbox Token (\$PSB)** is a **BEP20** token. It is both a **Planet Sandbox** platform currency and an independent store of value for players and investors.

Using **Planet Sandbox Token(\$PSB)** for in-game transactions allows us to lower costs on transaction fees, keeping them at the bare minimum. Controlling **PSB** availability. Keeping coins stable in value and always available to buy.

External project contributors will receive the **PSB** as a reward (payment). This will only increase their interest in following and contributing to the success of the project.

- **Allocations & Vesting Schedule**

\$PSB token inherently possesses several essential utility functions. Among its many properties, the most powerful one is that it can be seen as the governance token, the key for you to assist and direct the future of Planet Sandbox.

- **In-game transaction, Buy Legendary Boxes and exclusive NFT items.**

Users can use \$PSB to purchase/sell mystery boxes with high rarity to get legendary weapons or champions.

- **Stake to earn up to 32,46% APR**

Our staking program is audited by CertiK – a leading firm in blockchain security. There are four staking pools; each has a different committed staking duration: 15 days, 90 days, 180 days, and 365 days. The APR, minimum & maximum staking limit per user and pool cap of each pool is also different. Please refer to this table for details:

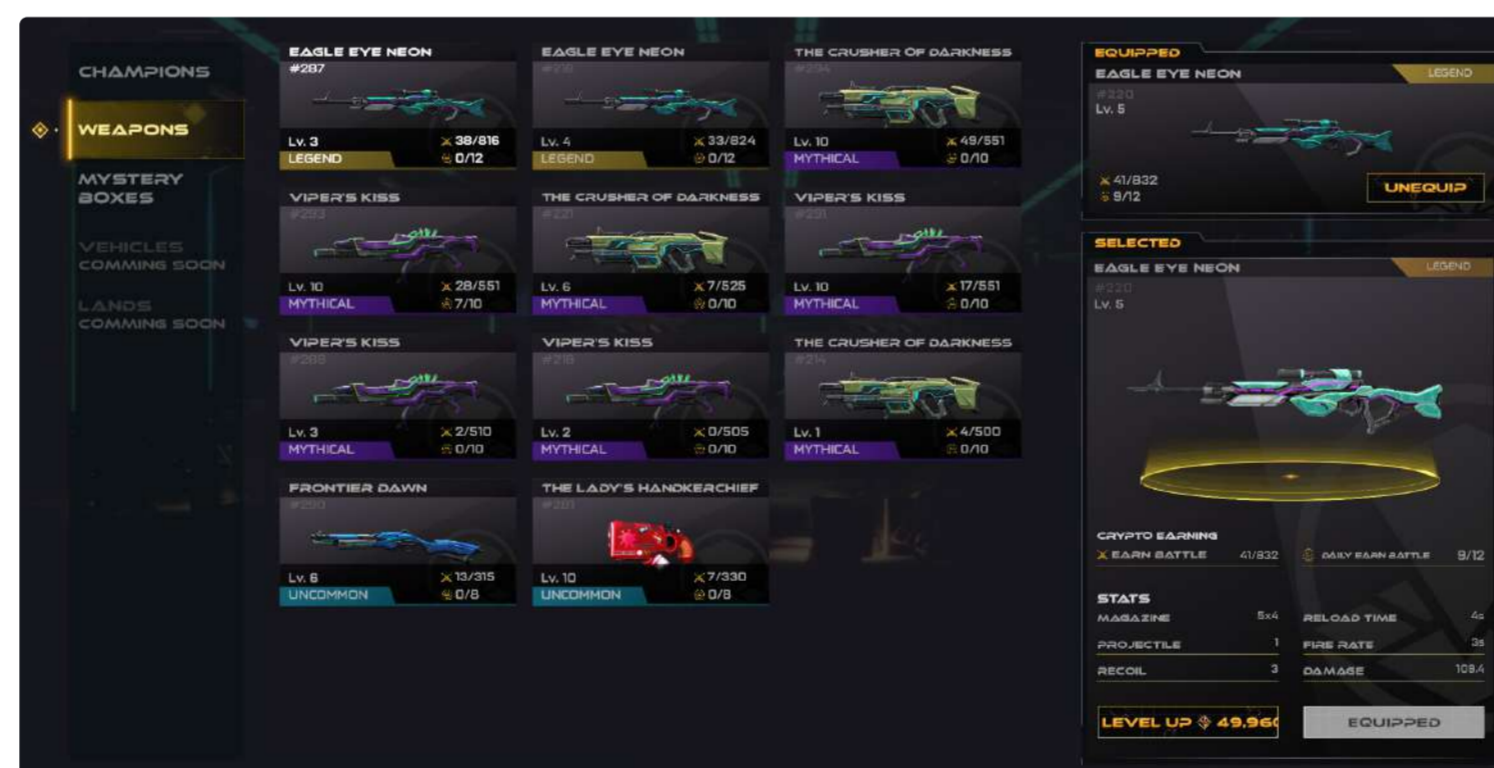

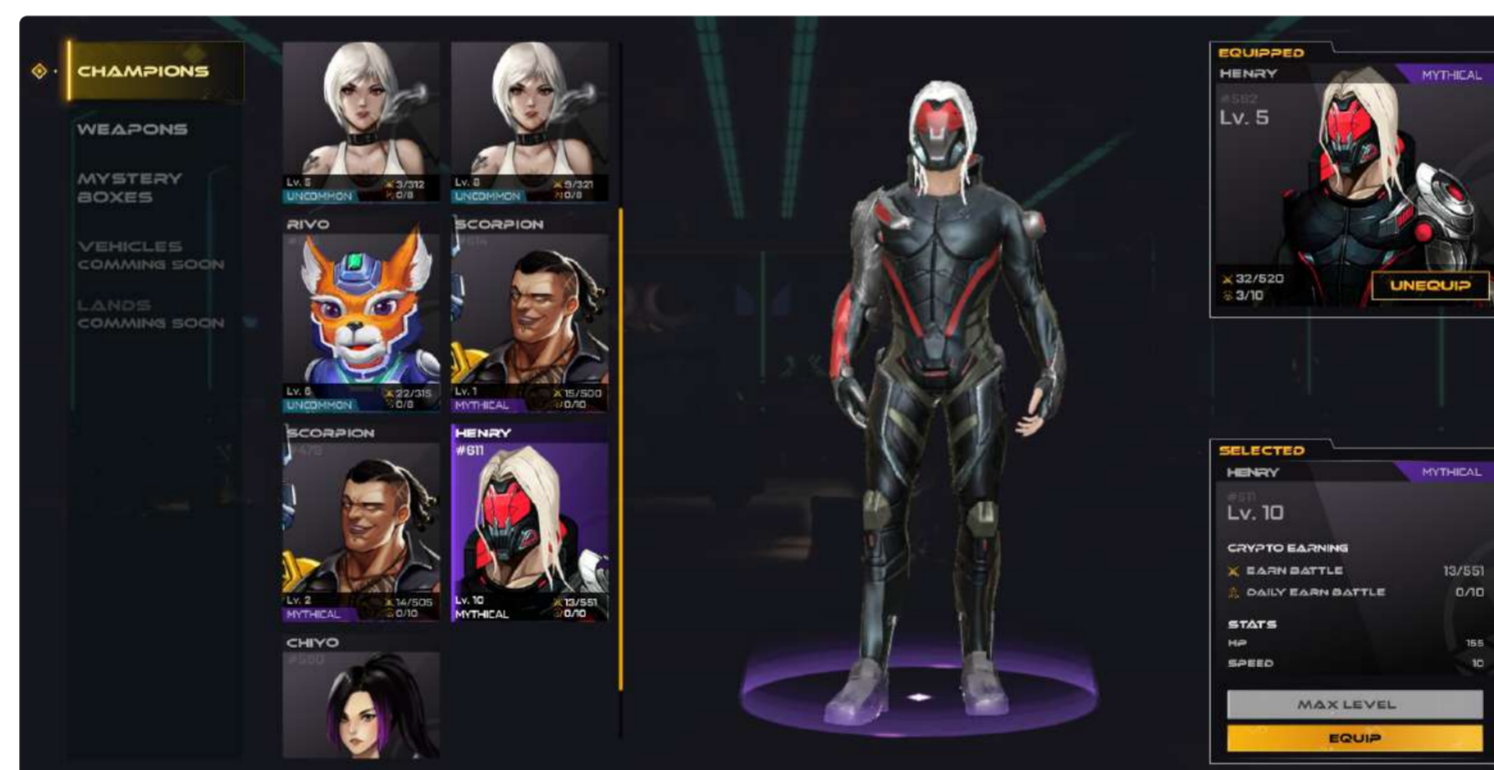

#	Duration	APR	Min Staking Limit / User	Max Staking Limit / User	Pool Cap	Whitelist to buy Land
1	15 days	13.20%	50	1500	400,000	N/A
2	90 days	15.30%	100	10,000	1,000,000	N/A
3	180 days	22.50%	2000	50,000	600,000	Guaranteed Slot
4	365 days	32.46%	1000	50,000	800,000	Guaranteed Slot

Visit our staking program: <https://staking.planetsandbox.io/>

- **Upgrade NFT items**

Players can upgrade the strength of their weapons and NFT characters by spending **\$PSB** to have a better-earning chance.

- **Access Premium Features**

Players can spend **\$PSB** on several premium features such as buying VIP Tickets, Gold Battle Pass, and Purchasing Skin (Coming Soon).

- **Participate in DAOs**

Each user can use their tokens for accessing the DAO vote system.

- **Aggregators & Exchanges**

Buy \$PSB on:

Gate.io

PancakeSwap

CoinMarketCap: <https://coinmarketcap.com/currencies/planet-sandbox/>

CoinGecko: <https://www.coingecko.com/en/coins/planet-sandbox>

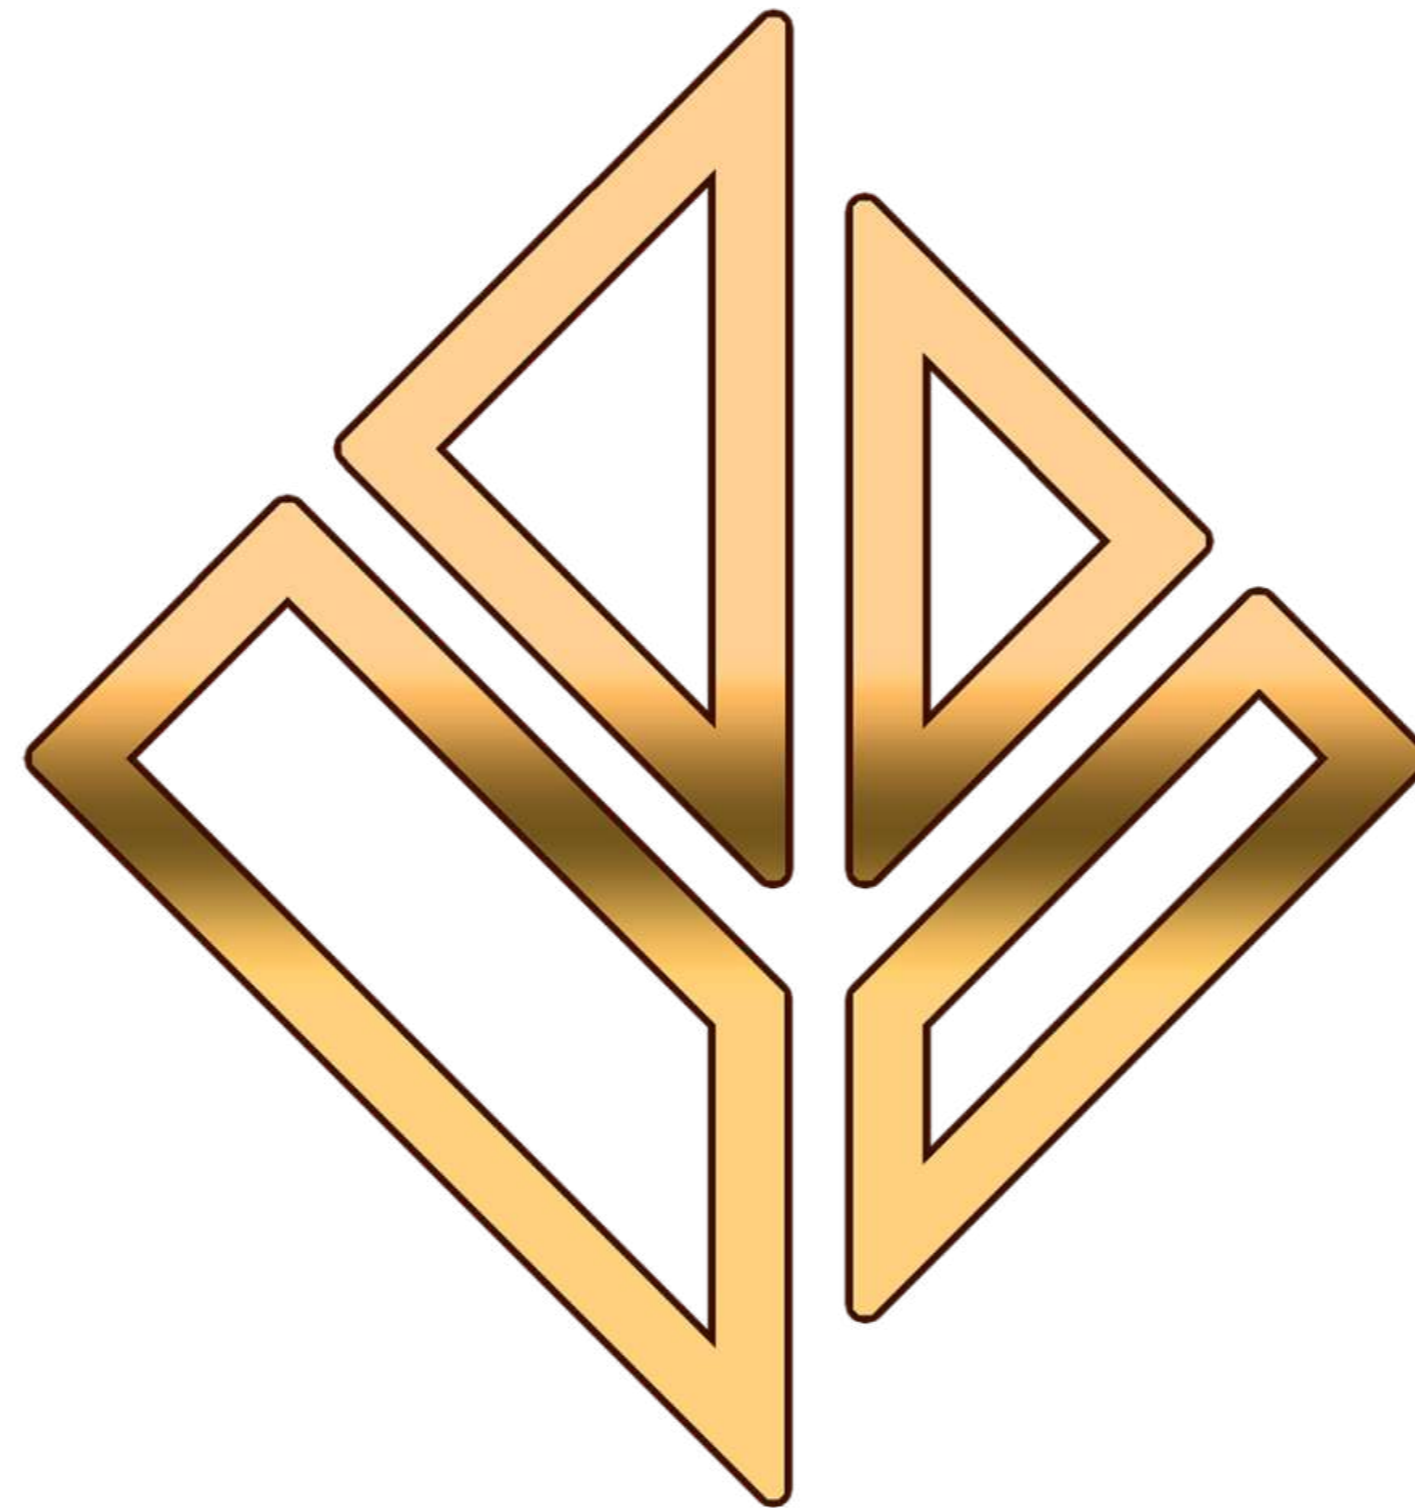

CryptoRank: <https://cryptorank.io/price/planet-sandbox>

DEXtools: <https://www.dex-tools.io/app/bsc/pair-explorer/0xcb9abf27b2e7b8706f0daf30855b80421b41e9a9>

Poocoin: <https://poocoin.app/tokens/0x36bfb1d5b3c9b336f3d64976599b6020ca805f1>

\$PULV - Token rewards

- **The second token is \$PULV** – a BEP 20 BSC token. This \$PULV is a game facilitator token and plays many crucial parts in-game.

- **Earn in-game activities**

Players will receive \$PULV for their participation in the play-to-earn battle.

- **Buy normal or epic boxes**

\$PULV is used for purchasing normal or epic boxes on the marketplace

- **Upgrade items**

Players can also spend \$PULV to upgrade their weapons/skins for better in-game stats.

- **Refill earn battle**

After playing out of the earn battle, instead of purchasing new boxes, players can use \$PULV to reset their NFT and refill the earn battle.

In loot boxes with low drop-rate (loot boxes can be purchased from the store or earned via PvP)

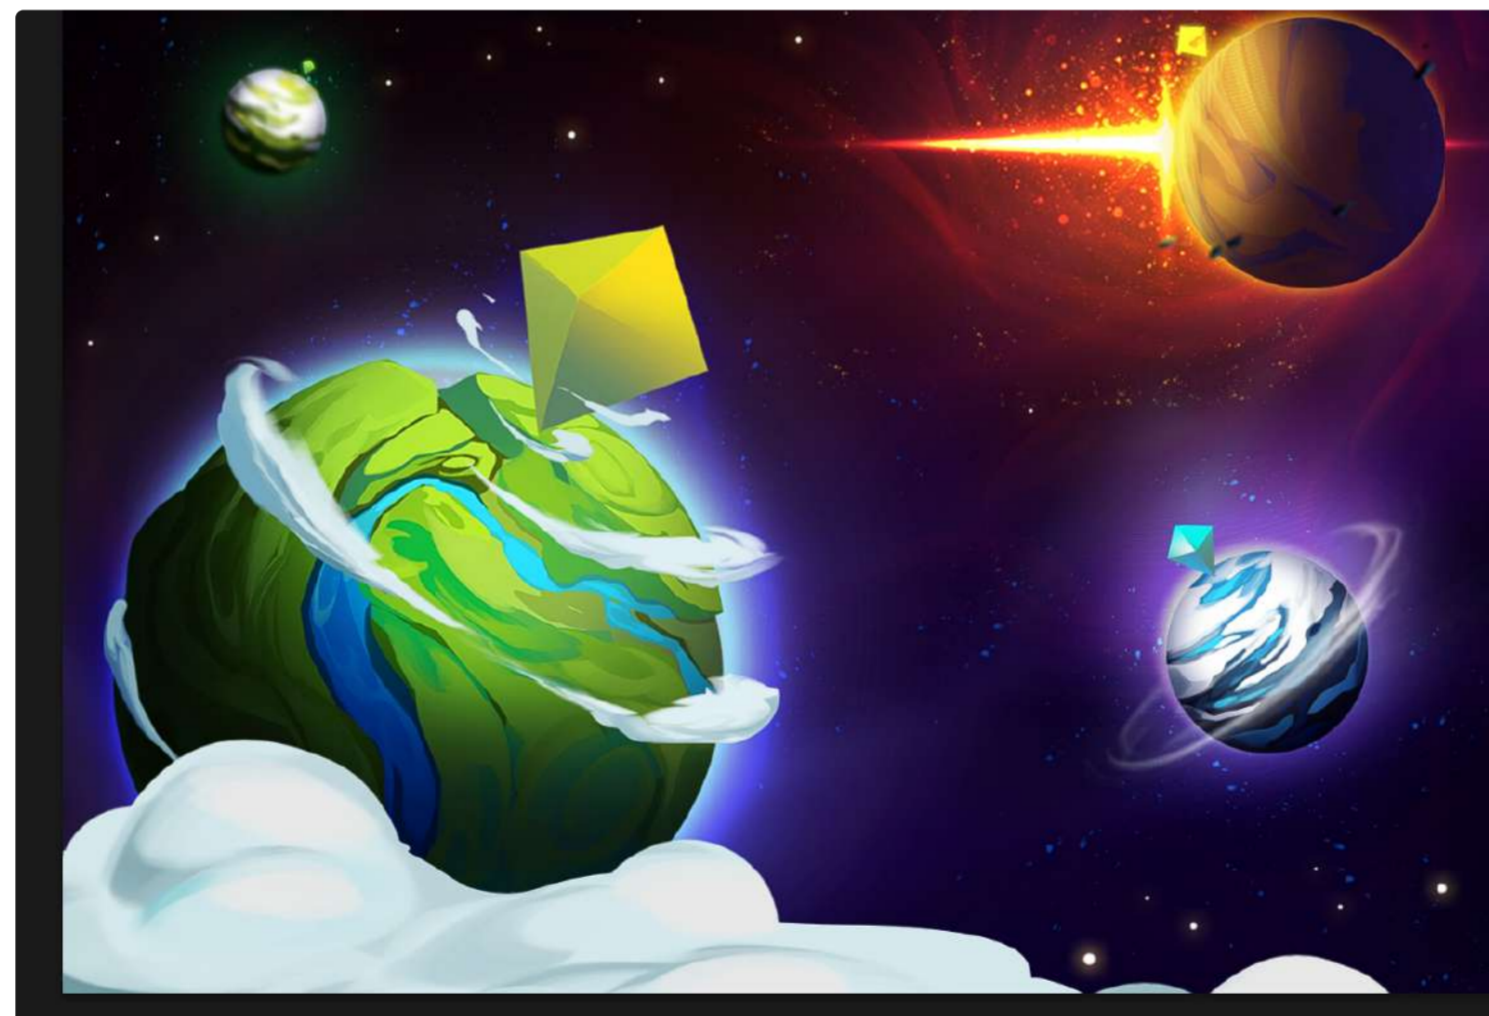

- Collecting Auction fee in the marketplace with the community: item or the sandboxes has been built.
- They are collecting winning tax.
- Selling sandboxes designed by the publisher to the players.

To own Champions and Weapons

Players can use \$PULV to buy normal mystery boxes or spend \$PSB for rare boxes, which help players get the premium items to have better-earning chances and the rewards from the game.

A number of playing turns for each NFT

Each NFT will have certain play2earn times when the turn ends, those items will not be able to be used to earn tokens and receive rewards, players need to buy new boxes to own new guns and champions or trade those items on the marketplace or refill energy for more earning matches.

Rewards for players

Players will receive amazing rewards for their participation in the game in the form of in-game NFTs or tokens. Make sure to stay active to get your hands on those!

Here is the reward mechanism:

In both game modes, each match will rank from top 1 to top 5 (or from top 1 to top 4 for Battle Royale – 4 player case) and correspondingly the reward ratio from the prize pool.

In short, there are more upcoming exciting events and features that we are keeping on adding on. Stay tuned for the Test net launch this February! Thank you for always supporting us!

Scaling

Land:

- Because people who own land are also owners of a passive money-making business model, and have the ability to build the world. So the number of lands is finite, which will be a small percentage of the entire Planet Sandbox player base.
- However, there will still be a release of new lands later. opening up opportunities for Planet Sandbox community when the amount of land is too limited and the price is high after a period of time in the market. The number of new lands is not only different in scenery but also has many very special environmental properties. (e.g. on another planet, gravity changes)

Build object:

- Can be changed by land and game mode.

Game Mode:

- The Game mode is added periodically, based on governance token (\$PSB). The latest game mode released in Q4 2021 is survival. But there will be more ideas from the community (Prop hunt, Imposter, Squid game ...) - In addition to PvP, there is also PvE when players have Co-op cards to overcome in-game challenges or defeat NPCs

Terms of Services

1. General

These terms and conditions ("Terms") govern the use of the website (defined below) and the Services (defined below). These Terms also include any guidelines, announcements, additional terms, policies, and disclaimers made available or issued by us from time to time. These Terms constitute a binding and enforceable legal contract between The Minders Studio and its affiliates ("Company", "PlanetSandbox", "we", "us") and you, an end-user of the services ("you" or "User") at PlanetSandbox ecosystem. By accessing, using, or clicking on our website (and all related subdomains) or its mobile, PC applications ("Website") or accessing, using, or attempting to use the Services, you agree that you have read, understood, and to be bound by these Terms and that you comply with the requirements listed herein. If you do not agree to all of these Terms or comply with the conditions herein, please do not access or use the Website or the Services. In addition, when using some features of the Services, you may be subject to specific additional terms and conditions applicable to those features.

We may modify, suspend or discontinue the Website or the Services at any time and without notifying you. We may also change, update, add or remove provisions of these Terms from time to time. All modifications or changes to these Terms will become effective upon publication on our website or release to Users. Therefore, your continued use of our Services is deemed your acceptance of the modified Terms and rules. If you do not agree to any changes to these Terms, please do not access or use the Website or PlanetSandbox Platform and ecosystem. We note that these Terms between you and us do not enumerate or cover all rights and obligations of each party and do not guarantee complete alignment with needs arising from future development. Therefore, our privacy policy, platform rules, guidelines, and all other agreements between you and us are deemed supplemental terms that are an integral part of these Terms and shall have the same legal effect. Your use of the Website or Services is deemed your acceptance of any additional terms.

2. Eligibility

By accessing, using, or clicking on our website and platform and using or attempting to use our Services, you represent and warrant that:

- as an individual, legal person, or other organization, you have full legal capacity and authority to agree and bind yourself to these Terms;
- you are at least 18 or are of legal age to form a binding contract under applicable laws;
- your use of the Services is not prohibited by applicable law and at all times compliant with applicable law, including but not limited to regulations on anti-money laundering, anti-corruption, and counter-terrorist financing ("CTF");
- you have not been previously suspended or removed from using our Services;
- if you act as an employee or agent of a legal entity and enter into these Terms on their behalf, you represent and warrant that you have all the necessary rights and authorizations to bind such legal entity;
- you are solely responsible for the use of the Services.

3. Identity Verification

We and our affiliates may, but are not obligated to, collect and verify information about you to keep appropriate records of our users, protect the community and us from fraudulent users, and identify traces of money laundering, terrorist financing, fraud, and other financial crimes, or for other lawful purposes.

We may require you to provide or verify additional information before permitting you to access, use or click on our platform or use or attempt to access any Service. We may suspend, restrict, terminate your access to our website or any or all of the Services in the following circumstances:

- if we reasonably suspect you of using our Website and Services in connection with any prohibited use or business;
- your use of our Website or Services is subject to any pending litigation, investigation, or government proceeding or we perceive a heightened risk of legal or regulatory non-compliance associated with your activity
- you take any action that we deem as circumventing our controls, including, but not limited to, abusing promotions which we may offer from time to time.

In addition to providing any required information, you agree to allow us to keep a record of that information during the period for which your account is active and within five (5) years after your account is closed. You also authorize us to share your submitted information and documentation with third parties to verify the authenticity of such information. We may also conduct necessary investigations directly or through a third party to verify your identity or protect you and us from financial crimes, such as fraud, and take necessary action based on such investigations. We will collect, use and share such information by our privacy policy.

If you provide any information to us, you must ensure that such information is accurate, complete, and timely updated when changed. Suppose there are any grounds for believing that any of the information you provided is incorrect, false, outdated, or incomplete. In that case, we reserve the right to send you a notice to demand correction, directly delete the relevant information, and, as the case may be, terminate all or part of the Services we provide for you. You shall be fully liable for any loss or expense caused to us during your use of the Services. You now acknowledge and agree that you must keep all the information accurate, updated, and correct. We reserve the right to confiscate all funds that violate relevant and applicable AML or CFT laws and regulations and cooperate with the competent authorities when and if necessary.

4. Restrictions

You shall not access, use or click on our website or use or attempt to use the Services except as expressly permitted in these Terms. Without limiting the generality of the preceding sentence, you may NOT:

- use our website or use the Services in any dishonest or unlawful manner, for fraudulent or malicious activities, or in any manner inconsistent with these Terms;
- violate applicable laws or regulations in any way;
- infringe any proprietary rights, including but not limited to copyrights, patents, trademarks, or trade secrets of PlanetSandbox;
- use our website or use the Services to transmit any data or send or upload any material that contains viruses, Trojan horses, worms, time-bombs, keystroke loggers, spyware, adware, or any other harmful programs or computer code designed to affect the operation of any computer software or hardware adversely;
- use any deep linking, web crawlers, bots, spiders, or other automatic devices, programs, scripts, algorithms or methods, or any similar or equivalent manual processes to access, obtain, copy, monitor, replicate or bypass the Website or the Services;
- make backup or archival copies of the website or any part thereof, including disassembling or de-compilation of the website;
- violate public interests, public morals, or the legitimate interests of others, including any actions that would interfere with, disrupt, negatively affect, or prohibit other users from using our website and the Services; exploit any system vulnerability that affect to the game economy and ecosystem;
- use the Services for market manipulation (such as pump and dump schemes, wash trading, self-trading, front running, quote stuffing, and spoofing or layering, regardless of whether prohibited by law);
- attempt to access any part or function of the website without authorization, or connect to the Website or Services or any Company servers or any other systems or networks of any the Services provided through the services by hacking, password mining, or any other unlawful or prohibited means;
- probe, scan, or test the vulnerabilities of the Website or Services or network connected to the properties, violate any security or authentication measures on the Website or Services or any network connected to that;
- reverse lookup, trace, or seek for any information of any other Users or visitors of the Website or Services;
- take any actions that impose an unreasonable or disproportionately large load on the infrastructure of systems or networks of the Website or Services, or the infrastructure of any systems or networks connected to the Website or Services;
- use any devices, software, or routine programs to interfere with the regular operation of any transactions of the Website or Services, or any other person's use of the Website or Services;
- forge headers, impersonate, or otherwise manipulate identification, to disguise your identity or the origin of any messages or transmissions you send to PlanetSandbox.

By accessing the Services, you agree that we have the right to investigate any violation of these Terms, unilaterally determine whether you have violated these Terms, and take actions under relevant regulations without your consent or prior notice.

5. Termination

PlanetSandbox may terminate, suspend, or modify your access to the Website and Services, or any portion thereof, immediately and at any point, at its sole discretion. PlanetSandbox will not be liable to you or any third party for any termination, suspension, or modification of your access to the Services. Upon termination of your access to the Services, these Terms shall terminate, except for those clauses that expressly or are intended to survive termination or expiry.

6. Intellectual Property

All present and future copyright, title, interests in and to the Services, registered and unregistered trademarks, design rights, unregistered designs, database rights, and all other present and future intellectual property rights and rights like intellectual property rights that exist in or in relation to the use and access of the website and the Services are owned by or otherwise licensed to PlanetSandbox. Subject to your compliance with these Terms, we grant you a non-exclusive, non-sub license and any limited license to merely use or access the website and the Services the permitted hereunder.

Except as expressly stated in these Terms, nothing in these Terms should be construed as conferring any right in or license to our or any other third party's intellectual rights.

If and to the extent that any such intellectual property rights are vested in you by operation of law or otherwise, you agree to do all such acts and execute all such documents as we may reasonably request to assign such intellectual property rights back to us.

You agree and acknowledge that all content on the website must not be copied or reproduced, modified, redistributed, used, created for derivative works, or otherwise dealt with for any other reason without being granted written consent from us.

Third parties participating on the website may permit us to utilize trademarks, copyrighted material, and other intellectual property associated with their businesses. We will not warrant or represent that the website's content does not infringe the rights of any third party.

7. Indemnification

You agree to indemnify and hold harmless PlanetSandbox and its affiliates and their respective shareholders, members, directors, officers, employees, attorneys, agents, representatives, suppliers, or contractors from and against any potential or actual claims, actions, proceedings, investigations, demands, suits, costs, expenses and damages (including attorneys' fees, fines or penalties imposed by any regulatory authority) arising out of or related to:

- your use of, or conduct in connection with, the Website or Services;
- your breach or our enforcement of these Terms;
- your violation of any applicable law, regulation, or rights of any third party during your use of the Website or Services.

Suppose you are obligated to indemnify PlanetSandbox and its affiliates and their respective shareholders, members, directors, officers, employees, attorneys, agents, representatives, suppliers, or contractors according to these Terms. In that case, PlanetSandbox will have the right, to control any action or proceeding and determine whether PlanetSandbox wishes to settle, and if so, on what terms.

Your obligations under this indemnification provision will continue even after these Terms have expired or been terminated.

8. Confidentiality

You acknowledge that the Services contain PlanetSandbox and its affiliates' trade secrets and confidential information. You agree to hold and maintain the Services in confidence and not furnish any other person any personal information of the Services or the Website. You agree to use a reasonable degree of care to protect the confidentiality of the Services. You will not remove or alter any PlanetSandbox's or its affiliates' proprietary notices. Your obligations under this provision will continue even after these Terms have expired or been terminated.

9. Anti-Money Laundering

PlanetSandbox expressly prohibits and rejects the use of the website or the Services for any form of illicit activity, including money laundering, terrorist financing, or trade sanctions violations. By using the Website or the Services, you represent that you are not involved in any such activity.

10. Force Majeure

PlanetSandbox shall have no liability to you if it is prevented from or delayed in performing its obligations or from carrying on its Services and business by acts, events, omissions, or accidents beyond its reasonable control, including, without limitation, strikes, failure of a utility service or telecommunications network, the act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation, or direction.

BY MAKING USE OF OUR SERVICES, YOU ACKNOWLEDGE AND AGREE THAT:

- YOU ARE AWARE OF THE RISKS ASSOCIATED WITH TRANSACTIONS OF ENCRYPTED OR DIGITAL TOKENS OR CRYPTOCURRENCIES WITH A CERTAIN VALUE THAT ARE BASED ON BLOCKCHAIN AND CRYPTOGRAPHY TECHNOLOGIES AND ARE ISSUED AND MANAGED IN A DECENTRALIZED FORM ("DIGITAL CURRENCIES");
- YOU SHALL ASSUME ALL RISKS RELATED TO THE USE OF THE SERVICES AND TRANSACTIONS OF DIGITAL CURRENCIES, AND
- FOREST KNIGHT SHALL NOT BE LIABLE FOR ANY SUCH RISKS OR ADVERSE OUTCOMES. AS WITH ANY ASSET, THE VALUES OF DIGITAL CURRENCIES ARE VOLATILE AND MAY FLUCTUATE SIGNIFICANTLY. THERE IS A SUBSTANTIAL RISK OF ECONOMIC LOSS WHEN PURCHASING, HOLDING, OR INVESTING IN DIGITAL CURRENCIES.

Introduction

This Privacy Policy describes how PlanetSandbox (herein referred to as "PSB", "We", "Our", and "Us") collects, uses, processes, discloses, shares, transfers, and protects the information You provide on <https://planet sandbox.com> website.

We respect and appreciate your privacy and the integrity of the information you provide and allow us to collect. We strive to adhere to industry standards to ensure the security and confidentiality of your Personal Information when you use our services or access the PlanetSandbox platform and ecosystem.

If you access, connect to, use, click on or participate in any service provided by PlanetSandbox, we encourage you to carefully read, acknowledge, understand and accept all of the terms of the Privacy Policy. We will not use your information in any form or other purpose not outlined in this Privacy Policy without your prior notice or consent.

This Privacy Policy has incorporated several provisions from the General Data Protection Regulation ("GDPR"), explicitly following its Personal Information Processing rules within the European Economic Area ("EEA").

This privacy policy will illustrate the intended use of the following Information:

1. Acceptance of the Privacy Policy
2. Our Relationship with You
3. Personal Information that We collect
4. How We collect Personal Information
5. How We use Personal Information
6. How We Protect Personal Information
7. How long We retain Personal Information
8. Cookies
9. Sharing your Personal Information
10. Third-Party Collection of Personal Information
11. Designated Countries and Your Legal Rights
12. Rights of the residents of the EEA.
13. Cross-Border Transfer of Personal Information
14. Limitations
15. Updates or amendments to the Privacy Policy
16. How to contact PlanetSandbox

1. Acceptance of the Privacy Policy

By accessing, connecting, clicking on, using, or engaging in Our Services, You indicate and confirm that You have consented and agreed to this Privacy Policy. We will not use your Personal Information for any other purpose not covered by this Privacy Policy or the Terms and Conditions without your prior notice or consent.

If you do not fully or partially agree to this Privacy Policy, you must immediately terminate access, connection, use, or participation in our services and the PlanetSandbox platform. This Privacy Policy does not apply to services offered by other companies or service providers or other websites linked to our ecosystem.

2. Our relationship with you

PlanetSandbox has individual relationships with its services, as described below:

• "User" is an individual who provides us with Personal Information through our PlanetSandbox website, Official Channels, social media accounts, or other means. For example, users can create and complete other PlanetSandbox social media engagement tasks, gain the right to add a wishlist for any IDO fundraising activity, or communicate with us on our social media accounts.

• In addition, we may refer to "User" as "You" in this Privacy Policy.

3. Personal Information that we collect

For this Privacy Policy, Personal Information is data used to identify, describe, relate, or associate with a particular individual. The following are the types of information We collect, store, and process when You use Our Services:

Information provided by You when connecting with PlanetSandbox and for KYC purpose

Before connecting or participating in PlanetSandbox Ecosystem, You must provide Us with your full name, date of birth, nationality, home address, location, government identification number (identification card/passport number and ID card), the issuance of identification card/passport, telegram username, digital wallet address, email address, IP address, documents for proof of address and other information. We require which can be used to distinguish your identity, access the PlanetSandbox Ecosystem, and the Know Your Customer ("KYC") Verification purpose.

Additionally, You will use single sign-on (also known as "OAuth") by logging in to Our Services using MetaMask, these services will verify your account identity and allow you to share certain information with Us, such as your username and email address.

Furthermore, You must be required to upload facial image data and provide additional information when firstly connecting with PlanetSandbox, such as linking to your Facebook account, Telegram, LinkedIn, GitHub, Google, or Twitter of other social media accounts and more.

Information collected by Us as You use Our services

Usage Information

When You engage or use Our Services, We will monitor your information through your device, such as your IP address, phone number, the type of device You use to access Our Platform, device information, which website You visited before accessing Our Services or Platform, browser type, information about your browser, Date and Time You visit Our Platform, Volume of data transmitted and network operator. This information will be directly obtained by PlanetSandbox or through third-party service providers.

We collect this information to ensure that Our interface and Platform are seamlessly accessible for all worldwide users, except users in prohibited jurisdictions.

Communication Information

We are entitled to collect and use or process the Personal Information You have provided on Our Platform or generated through your usage of the PlanetSandbox ecosystem to be able to communicate with You through messages, requests, emails, live chats, file attachments in connection with your transactions on PlanetSandbox, or any other information related to your contact with us. If You contact Us, We will keep a record of the information shared during the correspondence.

Financial Information

For the purposes stipulated in this Privacy Policy, We are entitled to collect and use the information contained in or related to your financial information when You use Our services. Without limitation, your transaction history includes your initial cryptocurrency or token amount, your SPB and SPLN token amount, your staking instructions, and your wallet address.

We collect this financial information to monitor suspicious economic activities to protect You from fraud, resolution of legal cases, as well as any other purposes disclosed in this Privacy Policy.

Parts of PlanetSandbox Services are public, including any information disclosed on Our social media accounts. Thus You acknowledge that such aspects of PlanetSandbox Services may appear on search engines or other publicly available platforms and may be "indexed," searched, and used by third parties or other Users and Customers of the Services. Please do not post any information that You do not wish to reveal publicly.

4. How We collect Personal Information

We automatically collect information.

We will collect and process Personal Information automatically provided by You under the following situations:

- when You visit and firstly connect with PlanetSandbox website;
- when You voluntarily complete any user survey or provide feedback to Us via emails or any other electronic channels, including on Our social media accounts;
- when You use browser cookies or any other relevant software upon visiting PlanetSandbox website;
- Other situations where We may automatically collect your information as described in this Privacy Policy, Our T&Cs, or other relevant agreements with You.

Information collected by the third-party

We will collect your Personal Information from third parties as required or permitted to the extent of applicable laws. Information from the third-party sources will include, but will not be limited to, public databases, ID verification partners, KYC Verification partners, blockchain data, marketing partners and resellers, advertising partners, and analytics providers.

Anonymous and Aggregated Data

We will also collect other information in the form of anonymized and aggregate information when all data will be combined and then removed of personally identifiable information, making it unusable to identify specific individuals. Aggregated Data could be derived from your data, but it is not considered personal data under applicable laws. For example, We may aggregate your usage data to calculate the percentage of users accessing specific features of PlanetSandbox Ecosystem. However, if we combine or connect aggregated data with your personal data so that it can directly or indirectly identify You, You acknowledge that we treat the combined data as personal data, which will be used following this Privacy Policy.

We use anonymized or aggregate users' information for the purposes stipulated in this Privacy Policy at any time, including gaining a better understanding of users' needs and behaviors, conducting business intelligence and marketing initiatives, and detecting security threats. In this regard, We reserve the right to implement innovative technologies as they become available for strategic planning and operational processes.

5. How We use Personal Information

Your Personal Information will be made available on a need-to-know basis to PSB, Our Affiliates, Our Partners, or within Our group of companies. The employees or any persons or third parties working for PlanetSandbox are responsible for using and protecting your Personal Information.

We use and process your Personal Information for the following purposes or in the following ways:

To provide Our Services

We respect data protection principles and process personal data only for specified, explicit, and legitimate purposes for which such personal data were provided. We primarily use your Personal Information, either collected or delivered, to enable your use of the PlanetSandbox platform and ecosystem (including, but not limited to, processing transactions) to improve the Services' efficiency and the process to participate in the IDO fundraising events and to verify your identity.

To protect users

We use the information collected to protect Our Platforms, Users' information, and archives. We also use IP addresses and cookies to detect suspicious activities and protect against automated abuse such as spam, phishing, Distributed Denial of Service ("DDoS") attacks, and other security risks.

To comply with regulations and compliance

For our legitimate interests, We will use the information in compliance with Our legal obligations, global and local industry standards, and Our AML/KYC/CTF procedures. In the case where it is strictly necessary (i.e., to protect the vital interests of the users or other natural persons, to prevent or mitigate fraud, to fulfill the purpose of public interest, or to pursue Our reasonable interests). We may use and process your Personal Information without obtaining your consent. You hereby expressly authorize PlanetSandbox to disclose all information relating to You in PlanetSandbox's possession to any law enforcement or government officials upon a valid request.

For measurement, research, and development purposes

- We actively measure and analyze your information to understand how You use and interact with Our Services and Our Platform and provide You with a unique and personalized experience. For example, We allow You to use social media plugins on Our Services (e.g., Telegram, Twitter). We keep track of your preferences such as display name, time zone, etc. This review is continuously conducted by Our operation teams to improve Our Platforms' performance constantly and to resolve issues with user experience.
- In addition, We use such information to monitor trends, improve Our Services, Our administration, the content and layout of the PlanetSandbox website, and develop new Services for You.

For communication purposes

- We use your Personal Information, collected or derived from your communication devices or email address, to interact with You directly, provide You with the necessary support, and keep You informed of wallets connected, transactions, staking instructions, and security details as well as other aspects.
- All direct communications will be appropriately maintained at PlanetSandbox, or the service providers designated by Us, to be reviewed for accuracy, retained as evidence or used to perform other statutory requirements or other obligations as stipulated in this Privacy Policy and the T&Cs.

For marketing and advertising

- We will share your Personal Information with Our marketing partners for the purposes of targeting, modeling, or identifying analytics as well as marketing and advertising. We may send you marketing communications to alert You about new Services, yet You can opt out of Our marketing activities at any time.

For other purposes

- Provided that we need to process or use your Personal Information for other purposes not stipulated in this Privacy Policy, We will notify or request your consent to use such information. We will not use your Personal Information for purposes other than the purposes stipulated in this Privacy Policy without your prior consent except where it is necessary for our legitimate interests (or Our Affiliates, Our Partners, and Our group of companies) and your interests and fundamental rights do not override those interests.

6. How We protect Personal Information

PlanetSandbox takes reasonable care to protect our security as well as your Personal Information from loss, misuse, disclosure, infiltration, and destruction. We maintain physical, technical, and procedural safeguards to ensure your information confidentiality and integrity. The safeguards include the use of firewalls, and data encryption, enforcing physical access controls to Our premises and files, and limiting access to Personal Information only to those employees, agents, or third parties who need access to that information to process it for Us.

We also implement specific reasonable security measures to protect your Personal Information from unauthorized access, and such security measures comply with the security practices and procedures as prescribed under the applicable laws.

However, You agree and acknowledge that it is impossible to fully guarantee the security of your Personal Information by implementing the safeguard mentioned above and measures. It is not the absolute protection of your Personal Information and accessing the Services.

You agree that We will not hold any responsibility for the acts committed by those who gain unauthorized access or abuse your information and services. In addition, We will not have any responsibility for any act committed by the third-party service providers who are contractually engaged with Us to maintain an appropriate security measure for protecting your Personal Information. Thus, You are recommended to understand this responsibility and independently take safety precautions to protect your Personal Information, mainly your credential information such as your wallet address. You hereby agree that We will not be liable for any information leakage and other damage or loss not caused by Our intention or gross negligence, including, but not limited to, hacker attacks, power interruptions, or unavoidable technical failures.

7. How long We retain Personal Information

You are aware that your Personal Information will continue to be stored and retained by Us or by a third-party processor engaged by the US for KYC Verification while You have been using or accessing the PlanetSandbox ecosystem and the Services and after your use of the Services for a reasonable time stipulated under the applicable law.

In addition, We may be required by applicable laws and regulatory requirements to retain certain information, including your Personal Information, your identification verification materials, information relevant to AML/KYC/CTF procedures, information related to staking instructions, account agreements, and other agreements between Us and third-parties, account statements, and other records after You stop accessing or participating in PlanetSandbox.

8. Cookies

We will use cookies and other technologies or methods of web and analytic tools to gather, store, and analyze certain information related to your access to and activities through the Services, including when You visit PlanetSandbox website.

A "cookie" is a small piece of information that a website assigns to your device while You are viewing a website. Cookies are beneficial and may be used for various purposes. These purposes include, among other things, allowing You to navigate between pages efficiently, enabling automatic activation of certain features, remembering your preferences, and making the interaction between You and the Services quicker, easier and smoother. Our MyMasterWar website will use the following types of cookies:

Strictly Necessary Cookies

These cookies are essential to enable You to log in, navigate a website, and use its features or provide a service requested by You. We will not need to obtain your consent to use these cookies.

Functionality Cookies

These cookies allow the website to remember your choices (such as your username, language, or the region You reside in) and to enhance and improve certain personal features. The information these cookies collect remains anonymous, and they cannot track your browsing activity on other websites.

Performance cookies

These cookies collect information about how You use a website, for example, which pages You go to most often, how much time You spend on a page, and record difficulties You may experience while using the website, such as error messages. All information collected by these cookies is aggregated and therefore anonymous. It is only used to improve the efficiency of the website.

Targeting Cookies or Advertising Cookies

- These cookies are used to deliver advertisements tailored to You and your interests precisely. They are also used to limit the number of times that You see an advertisement as well as help measure the effectiveness of the advertising campaign. These cookies remember that You have visited a website, and this information is shared with other organizations such as advertisers. Often targeting or advertising cookies will be linked to the sites' functionality provided by the other organizations.
- You may remove these cookies by following the instructions of your device preferences. However, if You choose to disable cookies, some features of MyMasterWar Services may not operate correctly or become inaccessible, and your online experience may be limited.

9. Sharing your Personal Information

We will not rent, sell, or disclose your Personal Information to any third parties, except to those who require access to the information to perform their tasks and duties under the binding agreements executed with Us and share with third parties who have a legitimate purpose for accessing it.

We may share, transfer, disclose, or allow access to your Personal Information to the following third parties for the purposes described below:

• We may disclose Personal Information to the third parties in order to administer or process a transaction or services You have authorized or requested in or the context of facilitating the execution of a transaction. We may disclose Personal Information to third parties that provide support services or analytical information for the Service improvement only where we have a lawful basis to do so or under an agreement or legal requirements for the transfer of Personal Information.

• We will be required to verify your identities by applicable laws and regulatory requirements and rely on third-party services to perform these verifications. Personal Information You Provide to Us during the initial connecting process is passed to these services at KYC Verification process and on an ongoing basis after that.

• We may disclose or transfer a part of the Personal Information We collect if We are involved in a business transaction or any merger and acquisition (M&A) projects. In such an M & A event, your Personal Information might be among the assets transferred, but it will be protected and secure according to this Privacy Policy.

• We may share your Personal Information with law enforcement and government officials when We are compelled to do so by a subpoena, a valid court order to prevent financial loss, report suspected illegal activity, or investigate violations of any of Our T&Cs or any other applicable policies.

• We may share your Personal Information to process your personal action on behalf of MyMasterWar, or engaged by MyMasterWar to process your Personal Information for MyMasterWar, Our Affiliates, and Our Partners.

• All Affiliates and third parties with whom We share your Personal Information have their privacy policies. However, they will be expected to protect this information in a manner that aligns with the provisions described in this Privacy Policy.

10. Third-Party Collection of Personal Information

This Privacy Policy only addresses the use and disclosure of the Personal Information We collect from You. To the extent that You disclose your information to third parties through Our Services, such as clicking on a link to any other websites of our partner networks, different rules regarding Privacy Policies may apply to their use or disclosure of the Personal Information You disclose to them.

You hereby acknowledge that We will not be responsible for the products, services, or descriptions of products or services that You receive from the third-party websites or to the content or privacy practices of the third-party websites. Also, this Privacy Policy will not be applied to any such third-party products and services that You access through PlanetSandbox ecosystem. You are knowingly and voluntarily assuming all risks of using third-party websites to purchase products or services, and You agree that We will have no liability whatsoever concerning such third-party websites or your usage of them.

Your relationship with these third parties and their services and tools is independent of your relationship with Us. These third parties may allow You to permit restrict the collected information. It may be in your interest to restrict or enable such data collections individually.

11. Designated Countries Privacy Rights and Your Legal Rights

This provision applies to Users in the Services located in the EEA, United Kingdom, and Switzerland (herein collectively referred to as "Designated Countries") when Data or Personal Information is collected. We may ask for your information regarding your nationality, location, and country You are in when You use Our Services or Platform, or We may rely on your IP address. We cannot apply this provision to Users who do not provide information about the location or obfuscate location information not to appear located in the Designated Countries.

We use and process your Personal Information based on a valid lawful basis of the GDPR and any equivalent regulations (collectively referred to as "Data Protection Laws"). The lawful basis for processing your Personal Information includes:

1. Your consent
2. performance of a contract
3. A legitimate interest
4. A compliance with legal obligations
5. Protection your vital interest
6. Public task

In the event of any conflict or inconsistency between any term in this provision and other terms in this Privacy Policy, the term in this provision will govern and control users in the Designated Countries.

Under certain circumstances, when You use Our Services, You have the rights under the Data Protection Laws about your Personal Information. These rights include the following:

Right to be informed

You reserve the right to be informed about the collection, use, and process of your Personal Information.

Right of access

You reserve the right to make a request for a copy of the Personal Information We hold about You and specific information regarding Our processing of this information.

Right to rectify

You reserve the right to request Us to update, correct, or complete your Personal Information that You believe to be outdated, inaccurate, or incomplete. You will rectify this at any time by informing Us via our contact channels.

Right to erasure ("Right to be Forgotten")

You may request to have your Personal Information deleted from Our record when your Personal Information is no longer necessary to be used for the Services or on the Platform where your Personal Information was collected in violation to processing that You previously consented to be collected whether or your Personal Information was collected in relation to processing activities to which You object, and there are no overriding legitimate grounds for Our processing.

- Please be informed that the right to be Forgotten mentioned above is not an absolute right. We are compelled to fulfill your request only where the retention of your Personal Information might cause an infraction of the GDPR or applicable law to which We are subject. We shall exercise reasonable efforts involving your Personal Information erased to the extent required by the GDPR or applicable law, including in communicating assurance to Our recipients of your Personal Information unless that proves to be impossible or a disproportionate effort.

Right to data portability

• You reserve the right to request to transfer a machine-readable copy of your Personal Information to You or the third party of your choice. We will provide You, or a third-party, your Personal Information in a machine-readable format. This right only applies to Personal Information that has been collected to a user.

Right to restrict processing

You may request Us to restrict or suppress the processing of your Personal Information under certain circumstances as follows:

- to contest the accuracy of the Personal Information;
- when the processing is considered unlawful, but You do not wish to have your Personal Information erased;
- when We no longer need to process your Personal Information, but the information must be retained for the establishment, exercise or defense of legal claims; and
- where You have objected to Our processing your Personal Information, but We need to determine whether Our legitimate interest overrides your objection.

Right to object

You may object to Our reliance on Our legitimate interests as the basis of our processing of your Personal information that impacts your rights. You may also object to Our process of your Personal Information for direct marketing purposes.

Right to withdraw consent ("Opt-out")

- You reserve the right to withdraw your consent when we are relying on it to process your Personal Information. Withdrawing your consent does not affect the lawfulness of our processing of your Personal Information prior to withdrawing.
- If you wish to exercise these rights, please contact us via our Contact Us via Our Platform, including PlanetSandbox website or send a message to our Contact Support.

- There are some limitations when You wish to exercise any of these individual rights. We may limit your rights in the following situations:
 - Where denial of access is required by laws;
 - When granting access would harm others' privacy;
 - in order to protect Our rights and/or properties;

12. Cross Border Transfer of Personal Information

As a part of your use of and to ensure better and seamless delivery of the Services to You, We may store, process, analyze, transfer and/or disclose your Personal Information in locations globally, including countries other than your home jurisdiction, and/or locations outside the Designated Countries where there may have data protection laws less protection than the EU GDPR or the designated data protection laws.

Our Service and Platform contain the transmission of your Personal Information to or be transferred to or processed outside of the country where You are located or outside the Designated Countries; it is not susceptible to your Personal Information's restriction.

13. Limitation

- Our Services are not designed for people under 18 or under the legal age to provide consent under the applicable law of the country or jurisdiction where You are using Our Services or Platform. If You are not over 18 or of your country's legal age, You will not provide any Personal Information to Us or engage in Our services. We reserve the right to access and verify any Personal Information collected from You. If We are aware that You are under 18 or under the legal age who already shared your Personal Information with Us, We will discard such information and block your access to the PlanetSandbox ecosystem immediately.

- We cannot guarantee that any losses, misuses, unauthorized access, or alteration of your Personal Information will not occur. You hereby agree that You provide a valid notice to protect your Personal Information, including your credentials.

14. Updates or amendments to the Privacy Policy

We will revise and update this Privacy Policy periodically, at Our sole discretion, and the most current version will be published on Planet Sandbox website or ecosystem.

In the event of any material change that may affect your use of Our Services and Platform, We may notify You by a prominent notice in advance of such change coming into effect. A major amount of information may include sending through your email address or other communication channels. We strongly encourage You to review this Privacy Policy actively. If You disagree with the revised Privacy Policy, You should discontinue accessing or using Our Services. Your continued access to our PSB ecosystem after any changes to this Privacy Policy constitutes your consent to any changes and agree to continue using the Services.

Furthermore, We may provide You with the "opt-in" consent or additional information about Our data collection process, purposes for processing, or other information. The just-in-time notification aims to supplement or clarify Our privacy practice or provide You with additional choices about how We process your personal information.

15. How to contact PlanetSandbox

For any questions regarding this Privacy Policy, your Personal Information collected or processed by Us, or in case You would like to exercise one of your legal privacy rights as stipulated in Clause 11, please submit your requests to Contact Support and visit Our website.

✖ Disclaimer

PLEASE READ THE ENTIRETY OF THIS "DISCLAIMER" SECTION CAREFULLY. NOTHING HEREIN CONSTITUTES LEGAL, FINANCIAL, BUSINESS, OR TAX ADVICE. YOU SHOULD CONSULT YOUR OWN LEGAL, FINANCIAL, TAX, OR OTHER PROFESSIONAL ADVISOR(S) BEFORE ENGAGING IN ANY ACTIVITY IN CONNECTION HEREWITH. NEITHER PLANET SANDBOX (THE COMPANY), ANY OF THE PROJECT TEAM MEMBERS (THE PLANET SANDBOX TEAM) WHO HAVE WORKED ON PLANET SANDBOX (AS DEFINED HEREIN) OR PROJECT TO DEVELOP PLANET SANDBOX IN ANY WAY WHATSOEVER, ANY DISTRIBUTOR/VENDOR OF \$PSB OR \$PULV TOKENS (THE DISTRIBUTOR), NOR ANY SERVICE PROVIDER SHALL BE LIABLE FOR ANY DIRECT OR INDIRECT DAMAGE OR LOSS WHATSOEVER WHICH YOU MAY SUFFER IN CONNECTION WITH ACCESSING THE PAPER, DECK OR MATERIAL RELATING TO \$PSB OR \$PULV (THE TOKEN DOCUMENTATION) AVAILABLE ON THE WEBSITE AT [HTTPS://PLANETSANDBOX.IO/](https://planetsandbox.io/) (THE WEBSITE, INCLUDING ANY SUB-DOMAINS THEREON) OR ANY OTHER WEBSITES OR MATERIALS PUBLISHED BY THE COMPANY.

Project purpose

You agree that you are acquiring \$PSB and \$PULV to participate in Planet Sandbox and obtain services on the ecosystem thereon. The Company, the Distributor, and their respective affiliates would develop and contribute to the underlying source code for Planet Sandbox. The Company is acting solely as an arms' length of the third party about the \$PSB or \$PULV distribution and not in the capacity as a financial advisor or fiduciary of any person about the distribution of \$PSB or \$PULV

Nature of the Token Documentation

The Token Documentation is a conceptual paper that articulates some of the main design principles and ideas for creating a digital token(s) known as \$PSB and \$PULV respectively. The Token Documentation and the Website are intended for general informational purposes only. They do not constitute a prospectus, an offer document, an offer of securities, a solicitation for investment, any offer to sell any product, item, or asset (whether digital or otherwise), or any recommendation to engage in business with any external individual or entity provided in said documentation. The information herein may not be exhaustive and does not imply any element of, or solicit in any way, a contractual relationship. There is no assurance as to the accuracy or completeness of such information, and no representation, warranty, or undertaking is purported to be provided as to the accuracy or completeness of such information. Where the Token Documentation or the Website includes information that has been obtained from third party sources, the Company, the Distributor, their respective affiliates, and the Planet Sandbox team have not independently verified the accuracy or completeness of such information. Further, you acknowledge that circumstances may change and that the Token Documentation or the Website may become outdated as a result; and neither the Company nor the Distributor is under any obligation to update or correct this document in connection to that.

Token Documentation

Nothing in the Token Documentation or the Website constitutes an offer by the Company, the Distributor, or the Planet Sandbox team to sell any \$PSB or \$PULV (each as defined herein), nor shall it or any part of it nor the fact of its presentation form the basis of or be relied upon in connection with, any contract or investment decision. Nothing contained in the Token Documentation or the Website is or may be relied upon as a promise, representation, or undertaking as to the future performance of Planet Sandbox. The agreement between the Distributor (or any third party) and you, about any distribution or transfer of \$PSB or \$PULV, is to be governed only by the separate terms and conditions of such agreement. The information set out in the Token Documentation, and the Website is for community discussion only and is not legally binding. No person is bound to enter into any contract or binding legal commitment in relation to the acquisition of \$PSB or \$PULV, and no digital asset or another form of payment is to be accepted based on the Token Documentation or the Website. The agreement for distribution of \$PSB/\$PULV or continued holding of \$PSB/\$PULV shall be governed by a separate set of Terms and Conditions or Token Distribution Agreement (as the case may be) setting out the terms of such distribution or continued holding of \$PSB or \$PULV (the Terms and Conditions), which shall be separately provided to you or made available on the Website. The Terms and Conditions must be read together with the Token Documentation. In the event of any inconsistencies between the Terms and Conditions and the Token Documentation or the Website, the Terms and Conditions shall prevail.

Deemed Representations and Warranties

By accessing the Token Documentation or the Website (or any part thereof), you shall be deemed to represent and warrant to the Company, the Distributor, their respective affiliates, and the Planet Sandbox team as follows:

- in any decision to acquire any \$PSB or \$PULV, you have not relied on and shall not rely on any statement set out in the Token Documentation or the Website;
- you will and shall at your own expense ensure compliance with all laws, regulatory requirements and restrictions applicable to you (as the case may be);
- you acknowledge, understand and agree that \$PSB and \$PULV may have no value, there is no guarantee or representation of value or liquidity for \$PSB or \$PULV, and neither \$PSB nor \$PULV are investment products nor are they intended for any speculative investment whatsoever;
- none of the Company, the Distributor, their respective affiliates, and/or the Planet Sandbox team members shall be responsible for or liable for the value of \$PSB or \$PULV, the transferability and/or liquidity of \$PSB or \$PULV and/or the availability of any market for \$PSB or \$PULV through third parties or otherwise; and
- you acknowledge, understand and agree that you are not eligible to participate in the distribution of \$PSB or \$PULV if you are a citizen, national, resident (tax or otherwise), domiciliary and/or green card holder of a geographic area or country
 - where it is likely that the distribution of \$PSB or \$PULV would be construed as the sale of a security (howsoever named), financial service or investment product and/or
 - where participation in token distributions is prohibited by applicable law, decree, regulation, treaty, or administrative act (including without limitation the United States of America, Canada, and the People's Republic of China); and to this effect you agree to provide all such identity verification document when requested for the relevant checks to be carried out. The Company, the Distributor and the Planet Sandbox team do not and do not purport to Draft for open community review and subject to change makers, and hereby disclaim, all representations, warranties, or undertakings to any entity or person (including without limitation warranties as to the accuracy, completeness, timeliness, or reliability of the contents of the Token Documentation or the Website, or any other materials published by the Company or the Distributor). To the maximum extent permitted by law, the Company, the Distributor, their respective affiliates and service providers shall not be liable for any indirect, special, incidental, consequential or other losses of any kind, in tort, contract or otherwise (including, without limitation, any liability arising from default or negligence on the part of any of them, or any loss of revenue, income or profits, and loss of use or data) arising from the use of the Token Documentation or the Website, or any other materials published, or its contents (including without limitation any errors or omissions) or otherwise arising in connection with the same. Prospective acquirers of \$PSB and \$PULV should carefully consider and evaluate all risks and uncertainties (including financial and legal risks and uncertainties) associated with the distribution of \$PSB or \$PULV, the Company, the Distributor, and the Planet Sandbox team.

\$PSB/\$PULV Token

\$PSB and \$PULV are designed to be utilized. In particular, it is highlighted that \$PSB and \$PULV:

- does not have any tangible or physical manifestation and does not have any intrinsic value (nor does any person make any representation or give any commitment as to its value);
- is non-refundable and cannot be exchanged for cash (or its equivalent value in any other digital asset) or any payment obligation by the Company, the Distributor, or any of their respective affiliates;
- does not represent or confer on the token holder any right of any form to the Company, the Distributor (or any of their respective affiliates), or its revenues or assets, including without limitation any right to receive future dividends, revenue, shares, ownership right or stake, share or security, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property or license rights), right to receive accounts, financial statements or other financial data, the right to requisition or participate in shareholder meetings, the right to nominate a director, or other financial or legal rights or equivalent rights, or intellectual property rights or any other form of participation in or relating to Planet Sandbox, the Company, the Distributor and their service providers;
- Our tokens are not intended to represent any rights under a contract for differences or any other agreement, the purpose or pretended purpose of which is to secure a profit or avoid a loss;
- is not intended to be a representation of money (including electronic money), security, commodity, bond, debt instrument, unit in a collective investment scheme, or any other kind of financial instrument or investment; (f) is not a loan to the Company, the Distributor or any of their respective affiliates, is not intended to represent a debt owed by the Company, the Distributor or any of their respective affiliates, and there is no expectation of profit; and (g) does not provide the token holder with any ownership or other interest in the Company, the Distributor or any of their respective affiliates. Notwithstanding the \$PSB or \$PULV distribution, users have no economic or legal right over or beneficial interest in the assets of the Company, the Distributor, or any of their affiliates after the token distribution. To the extent a secondary market or exchange for trading \$PSB or \$PULV does develop, it would be run and operated wholly independently of the Company, the Distributor, the Draft for open community review and subject to change distribution of \$PSB or \$PULV, and Planet Sandbox. Neither the Company nor the Distributor will create such secondary markets, nor will either entity act as an exchange for \$PSB or \$PULV

Informational purposes only

The information set out herein is only conceptual and describes the future development goals for Planet Sandbox to be developed. In particular, the project roadmap in the Token Documentation is being shared in order to outline some of the plans of the Planet Sandbox team and is provided solely for INFORMATIONAL PURPOSES and does not constitute any binding commitment. Please do not rely on this information in deciding whether to participate in the token distribution. Ultimately, the development, release, and timing of any products, features, or functionality remains at the sole discretion of the Company, the Distributor, or their respective affiliates and is subject to change. Further, the Token Documentation or the Website may be amended or replaced from time to time. There are no obligations to update the Token Documentation or the Website or provide recipients with access to any information beyond what is provided herein.

Regulatory approval

No regulatory authority has examined or approved any of the information set out in the Token Documentation or the Website, whether formally or informally. No such action or assurance has been or will be taken under any jurisdiction's laws, regulatory requirements, or rules. The publication, distribution, or dissemination of the Token Documentation or the Website does not imply that the applicable laws, regulatory requirements, or rules have been complied with

Cautionary Note on forward-looking statements

All statements contained herein, statements made in press releases or in any place accessible by the public, and oral statements that may be made by the Company, the Distributor, and the Planet Sandbox team, may constitute forward-looking statements (including statements regarding the intent, belief or current expectations to market conditions, business strategy and plans, financial condition, specific provisions, and risk management practices). You are cautioned not to place undue reliance on these forward-looking statements, given that these statements involve known and unknown risks, uncertainties, and other factors that may cause the actual future results to be materially different from that described by such forward-looking statements, and no independent third party has reviewed the reasonableness of any such statements or assumptions. These forward-looking statements are applicable only as of the date indicated in the Token Documentation. The Company, the Distributor, and the Planet Sandbox team expressly disclaim any responsibility (whether express or implied) to release any revisions to these forward-looking statements to reflect events after such date.

References to companies and platforms:

The use of any company and/or platform names or trademarks herein (save for those which relate to the Company, the Distributor or their respective affiliates) does not imply any affiliation with, or endorsement by, any third party. References in the Token Documentation or the Website to specific companies and platforms are for illustrative purposes only.

English language

The Token Documentation and the Website may be translated into a language other than English for reference purposes only. The English language versions shall prevail in the event of conflict or ambiguity between the English language version and translated versions of the Token Documentation or the Website. You acknowledge that you have read and understood the English language version of the Token Documentation and the Website.

No Distribution

No part of the Token Documentation or the Website is to be copied, reproduced, distributed, or disseminated in any way without the prior written consent of the Company or the Distributor. By attending any presentation on this Token Documentation or by accepting any hard or soft copy of the Token Documentation, you agree to be bound by the previous limitations

Lastly

The information in this White Paper is subject to change or update and should not be construed as a commitment, promise, or guarantee by Planet Sandbox or any other individual or organization mentioned in this white paper relating to the future availability of services related to the use of the tokens or to their future performance or value. The document does not constitute an offer or solicitation to sell shares or securities. It does not constitute or form part of and should not be construed as an offer for sale or subscription of or any invitation to buy or subscribe for any securities not should it or any part of it form the basis of or be relied upon in any connection with any contract or commitment whatsoever. The Sandbox expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from reliance on any information contained in the white paper, any error, omission, or inaccuracy in any such information or any action resulting therefrom.

This is not a recommendation to buy or financial advice. It is strictly informational. Do not trade or invest in any tokens, companies, or entities based solely upon this information. Any investment involves substantial risks, including, but not limited to, pricing volatility, inadequate liquidity, and the potential complete loss of principal. Investors should conduct independent due diligence, with assistance from professional financial, legal, and tax experts, on topics discussed in this document and develop a standalone judgment of the relevant markets prior to making any investment decision.

We have prepared all information herein from sources we believe to be accurate and reliable. However, such information is presented "as is," without warranty of any kind – whether expressed or implied. All market prices, data, and other information are not warranted as to completeness or accuracy, are based upon selected public market data, reflect prevailing conditions, and our view as of this date, all of which are subject to change without notice. The graphs, charts, and other visual aids are provided for informational purposes only. None of these graphs, charts, or visual aids can be used to make investment decisions. No representation is made that these will assist any person in making investment decisions. No graph, chart, or other visual aid can capture all factors and variables required to make such decisions.

The information contained in this document may include, or incorporate by reference, forward-looking statements, which would include any statements that are not statements of historical fact. No representations or warranties are made as to the accuracy of such forward-looking statements. Any projections, forecasts and estimates contained in this document are necessarily speculative in nature and are based upon certain assumptions. These forward-looking statements may turn out to be wrong and can be affected by inaccurate assumptions or by known or unknown risks, uncertainties and other factors, most of which are beyond control. It can be expected that some or all of such forward-looking assumptions will not materialize or will vary significantly from actual results.
